CHAIRMAN'S ADDRESS

AT THE FOURTH (4th) ANNUAL GENERAL MEETING HELD ON 18.08.2021

Mr. Yogesh Kumar Misra

Dear Shareholders,

At the outset, please accept my sincere wishes for the good health and safety of you and your loved ones. I am delighted to welcome you all at the Fourth (4th) Annual General Meeting. I would like to thank each one of you for making it convenient for joining this meeting.

I would like to place before you, few highlights of IrconDHHL.

Ircon Davanagere Haveri Highway Limited (IrconDHHL), incorporated as a Special Purpose Vehicle ('SPV') by Ircon International Limited ('IRCON') – its holding company, on 11th May 2017, for executing the project works of "Six – laning of Davanagere – Haveri from km 260+000 to km 338+923 of NH-48 (old NH-4) in the State of Karnataka on design, build, operate and transfer ("the DBOT Annuity" or "Hybrid Annuity") basis under NHDP Phase – V" in accordance with the terms of the Concession Agreement, signed with the National Highways Authority of India (NHAI) on 19th June 2017. The concession period of the project is 15 years excluding construction period of 912 days (30 months) commencing from the appointed date i.e. January 24, 2018. The Scheduled date of completion was 24.07.2020 which has been extended up to 28.05.2021 on account of relief measures against Pandemic COVID-19.

The Project Construction Cost of ₹720.05 Crores is to be funded through Equity and Loan Investment of ₹217.05 Crores and ₹503.00 Crores respectively. As on March 31, 2021, Equity share capital worth ₹164.05 Crores has been infused by IRCON through initial investment and subsequent Rights issue. The Company also availed secured loan of ₹353.18 Crore from IRCON. During the year, your Company has availed a Term Loan facility of ₹502.76 Crores from Punjab National Bank (PNB) for reimbursement of the capex brought in by IRCON for the execution of the project. PNB has disbursed ₹326.72 Crore out of Term Loan of ₹502.76 Crores that has been utilized for repayment of loan amounting to ₹326.72 Crore to IRCON and balance loan of ₹26.46 Crore of IRCON has been converted to unsecured loan.

As on March 31, 2021, Net Worth of your Company is ₹168.24 Crores and Total Income is ₹193.95 Crore and Profit After Tax (PAT) is ₹0.65 Crore.

As on March 31, 2021, the total physical progress is 83.95% & financial progress is 76.89% achieved against scope covered in the Concession Agreement.

Compliances and Disclosures

Compliances and Disclosures under the Companies Act, 2013 and its associated rules there under are fully being adhered to. CPSE's constituted as Special Purpose Vehicle (SPV) are exempted from compliance with the DPE Guidelines on Corporate Governance for CPSEs. Hence, Corporate Governance guidelines of DPE are not applicable on your company.

Memorandum of Understanding (MoU)

Your Company has been exempted by the Department of Public Enterprises (DPE) from signing of Memorandum of Understanding for the financial year 2020-21 with the holding company, Ircon International Limited.

Acknowledgements

I, on behalf of Board of Directors, express my heartfelt thanks for the valuable assistance and co-operation extended to the Company by Ministry of Road, Transport & Highways (MoRTH), National Highways Authority of India (NHAI), Ircon International Limited and the Auditors of the Company. I acknowledge the efforts of the Company's employees, who are our most valuable asset. Their dedication, intellect, hard work, and deep sense of values has been the key to take our company forward.

We look forward to your continued support in our journey ahead.

DIRECTORS' REPORT

Dear Members,

Your Directors have immense pleasure in presenting the **4th Annual Report** together with the Audited Financial Statements of the Company for the year ended March 31, 2021.

1. BUSINESS OPERATIONAL HIGHLIGHTS: PRESENT STATE OF COMPANY'S AFFAIRS:

Ircon Davanagere Haveri Highway Limited (IrconDHHL), a wholly owned subsidiary of Ircon International Limited (IRCON) incorporated on May 11, 2017 as a Special Purpose Vehicle (SPV) for executing the project works of "Six-laning of Davanagere-Haveri from km 260+000 to km 338+923 of NH-48 (old NH- 4) in the State of Karnataka, to be executed as Hybrid Annuity Mode on Design, Build, Finance, Operate and Transfer (DBFOT) basis under NHDP Phase-V" in accordance with the terms of the Concession Agreement, signed with the National Highways Authority of India (NHAI) on June 19, 2017. The concession period of the project is 15 years excluding construction period of 912 days (30 months) commencing from the appointed date i.e. January 24, 2018. The Scheduled date of completion was 24.07.2020 which has been extended up to 28.05.2021 (purely for the effect of COVID-19 including 2nd wave). The scope of work comprises of six-laning of 78.923 Km (total length of Highway) of existing four lane main carriageway along with construction of 154.654 Km of service road length including major bridges, culverts, Vehicular underpasses, pedestrian underpasses, flyovers and other allied works.

The Project Construction cost of ₹720.05 Crore, was to be funded by Equity and Loan Investment of ₹217.05 Crore and ₹503.00 Crore respectively.

As per concession agreement the client had to handover 100% encumbrance free land within 180 days from the appointed date as per the terms of agreement. However, the scope available as on 181st day was to the tune of 74% only. The Project achieved the 2nd Project Milestone of within the stipulated time period. The 3rd Project Milestone with 75% Physical progress & 70% Financial progress due for achievement on or before February 3, 2020 (including cure period of 90 days) could not be achieved as the scope available as on 31.01.2020 was 81.39% only (by excluding the scope of works on the land not made available by the NHAI and works stopped by locals demanding additional structures and modification to the existing / under construction structures – 18.61%). The physical progress achieved at site as on 31st January 2020 is 62.83% against total scope covered in the Concession Agreement and it is 77.19% (62.83/0.8139) when worked out from the scope of work available to the Concessionaire. The Financial Progress as on 31.01.2020 was 61.74% and it is 75.86% (61.74/0.8139) for the scope of work available to the SPV. The equated Physical & Financial progress as on 31.01.2020 meet the requirements for 3rd project milestone within cure period.

As on March 31, 2021, the total physical progress of 83.95% (as per Monthly Inspection report Submitted by the Independent Engineer) and financial progress of 76.89% (as per the books of accounts of SPV) are achieved against total scope covered in the Concession Agreement. The scope available to SPV by NHAI was 85.63% only. Request was made for descoping / delinking the works affected due to non-availability of land and due to stoppage of works by the locals as on March, 31 2021. NHAI HQ vide letter dated 15.07.2021 has approved for descoping of 6.88 Km of MCW, 49.848 Km of Service Road, all Bus Bays & Shelters (14 Nos), all Truck Lay Bys (2 Nos.) and Rest area. The project has secured Provisional Completion Certificate (PCC) w.e.f 28.05.2021 which is the basis for commencement of Annuity payments. The first annuity payment becomes due after 180 days from the date of PCC which is payable within 15 days from the due date.

During the Year, IrconDHHL achieved revenue from Operating activities of ₹193.06 Crore and profit/(Loss) after tax for the Financial Year 2020-21 of ₹0.65 Crore.

During the year the Company has availed sanctioned Term Loan facility of ₹502.76 Crore from Punjab National Bank (PNB) for reimbursement of the capex brought in by the Ircon International Limited and for the execution of the project and IRCON has provided the Corporate Guarantee for such loan.

Out of ₹502.76 Crore the bank has disbursed an amount of ₹333.16 Crore upto March 31, 2021 which has been utilized for the repayment of outstanding loan of IRCON of ₹326.72 Crore and the balance secured loan amount of ₹26.46 Crore has been converted into unsecured loan.

The Company has established a mechanism for directors and employees to report concerns about unethical behaviour, actual or suspected fraud, or violation of the Code. It also provides for adequate safeguards against the victimization of employees who avail the mechanism. Being a wholly owned subsidiary of IRCON, for employees nominated and deputed from

IRCON, the whistle blower policy of IRCON is applicable, which is available on the website at, <https://www.ircon.org/images/file/cosecy/Whistle-Blower-Policy.pdf>

For other persons in employment of the company Complaint / reporting under Vigil Mechanism addressed to:

Mr. Surajit Dutta, Director,
Ircon Davanagere Haveri Highway Limited (IrconDHHL)
Address: Ircon International Limited,
C-4, District Centre, Saket, New Delhi- 110017
Phone No.: +91 9560595039
Email id: surajit.dutta@ircon.org

30. RIGHT TO INFORMATION:

During the financial year 2020-21, your company has not received any application under the Right to Information Act 2005.

31. PERFORMANCE EVALUATION OF BOARD MEMBERS:

Ministry of Corporate Affairs has, vide its notification dated 5th June 2015, notified the exemptions to Government Companies from certain provisions of the Companies Act, 2013 which inter-alia provides that Section 134(3)(p) regarding a statement indicating the manner of formal annual evaluation of Board, shall not apply to Government Companies in case the Directors are evaluated by the Ministry which is administratively in charge of the Company as per its evaluation methodology.

Further, the aforesaid circular issued by the MCA has also exempted that sub-sections (2), (3) & (4) of Sec. 178 regarding the appointment, performance evaluation and remuneration shall not apply to Directors of Government Companies.

Being a government company and a wholly-owned subsidiary of Ircon International Limited, all part-time Directors are nominated by the holding company, IRCON. The evaluation of these nominated directors is done by the holding company as per pre-defined criteria in line with the guidelines of the Government of India.

32. SECRETARIAL STANDARDS

During the year, the Company is in compliance with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI).

33. SECRETARIAL AUDIT REPORT

The "Secretarial Audit Report" from the secretarial auditor in Form MR-3 as required under section 204 of the Companies Act, 2013 read with rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and is placed as **Annexure-4**.

34. STATUTORY AUDITORS' REPORT AND C&AG COMMENTS

The reports of the Statutory Auditors on the Financial Statements for FY 2020-21 with nil observation are attached separately as part of the Annual Report along with No review certificate from Comptroller & Auditor General (C&AG) of India for the FY 2020-21.

35. APPLICATION/PROCEEDING PENDING UNDER INSOLVENCY & BANKRUPTCY CODE, 2016

There are no proceeding initiated/ pending against the Company under the Insolvency & Bankruptcy Code, 2016 which materially impact the business of the Company.

36. MEMORANDUM OF UNDERSTANDING (MOU):

Department of Public Enterprises has granted exemption to your Company from signing of MoU with IRCON (Holding Company) for the Financial Year 2020-21 in terms of the DPE MoU guidelines.

37. ACKNOWLEDGEMENT:

We thank Ircon International Limited, Ministry of Road Transport & Highways, Auditors and our valued client- National Highway Authority of Indian for their support, and look forward to their continued support in the future.

We thank our Contractors, Sub-contractors, Bankers, for their continued support during the year. We also place on record our appreciation for the contribution made by our employees at all levels. Our consistent growth was made possible by their hard work, solidarity, cooperation and support.

CHIEF EXECUTIVE OFFICER (CEO) AND CHIEF FINANCIAL OFFICER (CFO) CERTIFICATION

We have reviewed the Financial Statements including the Balance Sheet, Statement of Profit & Loss and the Cash Flow Statement for the Financial Year 2020-21 and to the best of our knowledge and belief: -

- (i) These statements do not contain any materially untrue statement or omit any material fact or contain statement that might be misleading;
- (ii) These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- (iii) There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal, or violative of the Company's General Code of Conduct as agreed to be followed by the Directors and Senior Management of the Company.
- (iv) We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of the internal control systems of the Company pertaining to financial reporting. We have disclosed to the auditor's deficiencies in the design or operation of such internal controls of which we are aware and the steps we have taken or propose to rectify these deficiencies.
- (v) We have indicated to the Auditor any changes in Accounting Policies that may have been effected during the year, and that the same have been disclosed in the Notes to the Financial Statements; and
- (vi) There was no instance of fraud of which we are aware nor there has been involvement of the Management or an employee having a significant role in the Company's internal control system over financial reporting.

ANNEXURE TO THE DIRECTORS' REPORT

**Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2021**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members,
M/s. **IRCON DAVANAGERE HAVERI HIGHWAY LIMITED**
Regd. Office: Plot No. C-4, District Centre, Saket
New Delhi-110017

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **IRCON DAVANAGERE HAVERI HIGHWAY LIMITED** having **CIN: U45500DL2017GOI317401** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended **31st March, 2021**, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2021** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) Secretarial Standards issued by The Institute of Company Secretaries of India: ***Applicability of SS-1 and SS-2;***
- (iii) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of foreign Direct Investment, Overseas Direct Investment, External Commercial Borrowings; wherever applicable,

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and on shorter notice with the consent of Directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

We further report that compliance of applicable financial laws including Direct and Indirect Tax laws by the Company has not been reviewed in this Audit since the same has been subject to review by the Statutory Auditors and other designated professionals.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Note: Due to Covid-19, we were not able to physically verify the records and returns of the Company and this report is being issued on the basis of soft/scan copies of documents as per the guidelines issued by the ICSI.

This report is to be read with our letter of even date which is annexed as 'Annexure A' and forms an integral part of this report.

To
The Members
M/s. **IRCON DAVANAGERE HAVERI HIGHWAY LIMITED**

Our report of even date is to be read along with this letter.

1. Maintenance of Secretarial record is the responsibility of the management of the Company. Our responsibility is to express as opinion on these secretarial records based on our audit.
2. We have followed the audit practices and process as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Where ever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of
IRCON DAVANAGERE HAVERI HIGHWAY LIMITED
C – 4, District Centre
Saket, New Delhi (IN) – 110 017

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Standalone Financial Statements of **IRCON DAVANAGERE HAVERI HIGHWAY LIMITED** ("the Company") which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the period then ended and Notes to the Financial Statements including a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the State of Affairs of the Company as at March 31, 2021, its profits, changes in equity and cash flows for the period ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

EMPHASIS OF MATTERS & MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

The Company's net worth is not negative and the borrowings from banks, financial institutions or any other sources (if any) have not been classified by the lenders as non – performing assets during the period. Hence this clause is not applicable on the company. We have nothing to report in this regard.

Further, we draw attention to Note No. 34 – “Covid – 19 Disclosure” of the financial statements, which is of such importance that it is fundamental / relevant to user’s understanding of the financial statement. Our opinion is not modified in respect of this matter.

In addition to above, we draw attention to Note No. 19 – “Finance cost” and Note No. 33 wherein the company in accordance with Ind AS 1 – “Presentation of Financial Statements”, has netted off Interest Income on Mobilization Advance given to IRCON International Limited – INR 60.70 Lacs and Interest Costs on Mobilization Advance received from NHAI – INR 97.33 Lacs. We further state that the terms of give and take of mobilization advance and interest thereon are not prejudicial to the interests of the company. Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters –

Key Audit Matter	How our audit addressed the matter
<p>1. Revenue recognition in terms of Ind AS 115 – “Revenue from contracts with customers”</p> <p>Ind AS 115 prescribes five steps revenue recognition model. The Company recognizes revenue for a performance obligation satisfied over time after estimating its progress towards complete satisfaction of the performance obligation.</p>	<p>Our audit procedures included considering the appropriateness of the Company's revenue recognition accounting policies and assessing compliance with the policies in terms of the applicable accounting standards.</p>

AHMEDABAD | BHUBANESWAR | CHANDIGARH | FARIDABAD | GHAZIABAD | JAIPUR | LUCKNOW | MUMBAI | RAMGARH | RANCHI | REWA | SHIMLA | SURAT

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied.

The company measures the performance obligation by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depicts the Company's performance towards complete satisfaction of the performance obligation.

During order fulfilment, contractual obligations may need to be reassessed. In addition, change orders or cancellations have to be considered. As a result, total estimated project costs may exceed total contract revenues and therefore require immediate recognition of the expected loss.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

For details refer Note 23 – Service Concession Agreements and Note 30 – Revenue from Contracts with Customers to the Standalone Ind AS Financial Statements.

We evaluated the design of internal controls relating to implementation of the new revenue accounting standard (last financial year) and changes required in terms of change in estimated project cost and changes in contract clauses / conditions with respect to macro environmental changes (current year).

We scrutinized the agreement with NHAI and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and satisfaction of performance obligations. We further examined costs included within WIP balances and tested their recoverability through comparing the net realizable values as per the agreements with estimated cost to complete. We further examined the amounts of Financial Asset recognized under the Service Concession Agreement with NHAI and estimated the recoverability based on completion of milestones and taking into account the receivables due from NHAI.

We performed following substantive procedures over revenue recognition with specific focus on whether there is single performance obligation or multiple performance obligations in the contract and whether the performance obligation is being satisfied over the period of time or at a point in time:

- Read, analysed and identified the distinct performance obligations in these contracts.
- Compared these performance obligations with that identified and recorded by the Company.
- Considered the terms of the contracts to verify the transaction price used to allocate to separate performance obligations.
- Checked whether the performance obligation is being satisfied over the period of time or at a point in time
- Performed analytical procedures for reasonableness of revenues disclosed.

OTHER MATTERS

Scope limitation due to COVID 19

In view of the disruptions caused by Government imposed lockdown and social distancing norms being implemented in the country due to COVID – 19, we have only been able to examine the accounts mostly from the system and original books of account and supporting documents underlying these financial statements could not be verified in majority of the cases. The management has provided us with the scanned copies of various documents which were essential for the purpose our audit.

We wish to highlight that due to the COVID 19 induced restrictions on physical movement and strict timelines, the audit team could not properly visit the office of the Company for undertaking the required audit procedures as prescribed under ICAI issued Standards on Auditing, including but not limited to:

- Inspection, observation, examination and verification of the original documents/ files;
- Verification of the adequacy and operating effectiveness of the internal financial controls;
- Verification of the title deeds of the immovable properties of the company;
- Observation with regard to access controls and data security;
- Any other audit procedure which require physical presence of the audit team.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f. Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.
- g. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- h. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- i. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the order"), issued by the Central Government of India in terms of sub – section (11) of Section 143 of the Companies Act, 2013, we give in **Annexure – "A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid standalone financial statements have been kept by the company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the standalone financial statements;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules 2015 as amended from time to time.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT OF IRCON DAVANAGERE HAVERI HIGHWAY LIMITED

(Referred to in Paragraph 1 under 'Report on other legal and regulatory requirements' section of our report to the members of IRCON DAVANAGERE HAVERI HIGHWAY LIMITED of even date)

We report that –

1. In respect of Company's Fixed Assets –

- a. The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.
- b. According to the information and explanations given to us, the Fixed Assets have been physically verified by the management in a phased manner at reasonable intervals, and no material discrepancies were noticed on such verification. Further, there is a regular program of verification, which in our opinion, is reasonable having regard to the size of the company and nature of its business.
- c. The company does not own any immovable properties during the period of audit.

2. In respect of Inventories –

The Company does not hold any inventories during the period of reporting; hence reporting under paragraph 3 (ii) of the order is not applicable.

3. According to information and explanation given to us by the management and records produced before us, the company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under Section 189 of the Companies Act, 2013. Accordingly, reporting under paragraph 3 (iii) of the order is not applicable.
4. In our opinion and according to information and explanation given to us by the management and records produced before us, the company has not granted any loans or provided any guarantees or given any security or made any investments to which the provision of section 185 and 186 of the Companies Act, 2013 are attracted. Accordingly, reporting under paragraph 3 (iv) of the order is not applicable.
5. In our opinion and according to the information and explanations given to us by the management and records produced before us, the company has not accepted any deposits from public and hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.

6. The Central Government of India has prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for activities of the company and accordingly the company has maintained the required cost records at the Corporate Office of the company. However, no separate cost accounts are maintained.
7. **In respect of statutory dues –**
- a. According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, income tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues applicable to the company have been generally regularly deposited during the year by the company with the appropriate authorities.
- b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of provident fund, income tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
- c. According to the information and explanations given to us and on the basis of the records of the company examined by us, there are no dues of income tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues which have not been deposited on account of any dispute.
8. In our opinion and according to the information and explanations given to us, the company has taken a loan of Rs 330.93 crore as on 31.03.2021 from Punjab National Bank and company has not defaulted in repayment of principal and interest. Further, the company has taken an unsecured loan of INR 26.46 Crores from its holding company, IRCON International Limited (CIN – L45203DL1976GOI008171) during the year ended 31st March, 2021.
9. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under paragraph 3 (ix) of the order is not applicable. However, the company has accepted term loan of Rs 330.93 crore from Punjab National Bank and unsecured loan of INR 26.46 Crores from its holding company, IRCON International Limited (CIN – L45203DL1976GOI008171) during the year ended 31st March, 2021.
10. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year and during the course of our audit.

11. In view of the Government Notification No. GSR 463 (E) dated June 5th, 2015, government companies are exempt from the applicability of Section 197 of the Companies Act, 2013. Accordingly, reporting under paragraph 3 (xi) of the order is not applicable to the company.
12. The Company is not a Nidhi Company as specified in Nidhi Rules, 2014 and accordingly reporting under paragraph 3 (xii) of the order is not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act. Where applicable, the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to us and based on our examination of the records of the company, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review.
15. According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into non-cash transactions with directors or persons connected with them, within the provisions of Section 192 of the Companies Act, 2013. Accordingly, paragraph 3(xv) of the order is not applicable.
16. According to the information and explanations given to us and based on our examination of the records of the company, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF IRCON DAVANAGERE HAVERI HIGHWAY LIMITED

(Referred to in Paragraph 2 under 'Report on other legal and regulatory requirements' section of our report to the members of IRCON DAVANAGERE HAVERI HIGHWAY LIMITED of even date)

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of The Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **IRCON DAVANAGERE HAVERI HIGHWAY LIMITED** ("the Company") as of March 31st 2021 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of The Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future years are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2021:

During the year, the company has followed the system of processing its accounting transactions through the Accounting Software 'Tally ERP'. All the vouchers are approved manually and the same are posted in the books of account maintained in the Tally Software only. However, there is a possibility of posting of entries in back date within the financial year. Accordingly, the Company needs to improve the Internal Control System in this respect.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company as at March 31st 2021, and these material weaknesses do not affect our opinion on the standalone financial statements of the company.

ANNEXURE "C" TO THE INDEPENDENT AUDITOR'S REPORT OF IRCON DAVANAGERE HAVERI HIGHWAY LIMITED
(Referred to in Paragraph 3 under 'Report on other legal and regulatory requirements' section of our report to the members of IRCON DAVANAGERE HAVERI HIGHWAY LIMITED of even date)

Replies to the Directions issued by Comptroller & Auditor General of India to the Statutory Auditors under Section 143(5) of the Companies Act, 2013 for the year ended March 31st 2021

SN	PARTICULARS	REPLY
1.	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the Integrity of the accounts along with the financial implications, if any, may be stated.	Yes, during the year, the Company has followed the system of processing its accounting transactions through the Accounting Software 'Tally ERP'. All the vouchers are approved manually and the same are posted in the books of account maintained in the Tally Software only.
2.	Whether there is any restructuring of an existing loan or cases of waiver/write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (In case, lender is a Government company, then this direction is also applicable for statutory auditor of lender company).	During the year, there is no instance of any restructuring of an existing loan or cases of waiver / write off of debts / loans / interest etc. made by a lender to the company.
3.	Whether funds (grants/subsidy etc.) received/receivable for specific schemes from Central/State Government or its agencies were properly accounted for/utilized as per its term and conditions? List the cases of deviation,	We have been informed that the Company has neither received nor any such funds are receivable by the Company for specific schemes from Central / State agencies for the year 2020 – 21.

Reconciliation of liabilities arising from financing activities as on 31st March 2020

Particulars	(Rs. in Laacs)	
	Borrowings	
Balance as at 1st April,2019		13,000.00
Cash flows:		
-Repayments	-	
-Proceed	13,922.00	
Non-Cash		
Fair Value	-	
Balance at 31st March,2020		26,922.00

Note: 1. Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information

2. Effective April 1,2017, the company has adopted the amendment to Ind-AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosures requirement. The adoption of amendment did not have any material effect on the financial statements.

3. Figures in brackets represent outflow of cash.

4. Figures of the previous year have been regrouped / recasted wherever necessary.

1. Corporate Information

Ircon Davanagere Haveri Highway Limited (IDHHL) is a wholly owned subsidiary of Ircon International Limited domiciled in India and is incorporated under the provisions of companies Act 2013 applicable in India. The company came into existence when, Ircon International Limited has been awarded the work of Six-Laning of Davanagere – Haveri from km 260+000 to km 338+923 of NH-48 (Old NH-4) in the state of Karnataka to be executed as Hybrid Annuity Project on DBOT Annuity Pattern under NHDP Phase – V in accordance with the terms and conditions in the agreement with National Highway Authority of India (NHAI) dated 19-06-2017. In pursuant to the provisions of 'Request for Proposal', the selected bidder 'Ircon International Limited' has formed a Special Purpose Vehicle (SPV) named Ircon Davanagere Haveri Highway Limited (IDHHL) as wholly owned subsidiary and incorporated under Companies Act, 2013 on 11th May 2017. Accordingly, SPV has signed the Concession Agreement with NHAI on 19th June 2017. In terms of the said agreement, IDHHL has an obligation to complete construction of the project of Six laning of Davanagere Haveri section and to keep the project assets in proper working condition including all projects assets whose lives have expired. Total Project cost is Rs 1177 crore (i.e. Bid Project cost). 40% of the Bid Project cost, adjusted for Price Index Multiple, shall be due and payable to the Concessionaire (IDHHL) in 5 equal instalments of 8% each during the construction period. The remaining Bid Project cost, adjusted for Price Index Multiple, shall be due and payable in 30 biannual instalments commencing from the 180th day of COD in accordance with the Provisions of clause 23.6 of the agreement which is Annuity payments during Operation Period. The Project is under Annuity pattern and will be under operation with the IDHHL for 15 years from the Commercial operational Date (COD). The payments of the same, under Annuity model will be payable at the achievement of specific milestone as per the agreement. The registered office of the company located at C-4, District Centre, Saket, and New Delhi - 110017.

The presentation and functional currency of the company is Indian Rupees (INR). Figures in financial statements are presented in lakhs, by rounding off upto two decimals except for per share data and as otherwise stated.

The standalone financial statements are approved for issue by the company's Board of Directors in their meeting held on 15.06.2021.

2. Significant Accounting Policies

2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the financial statements.

The financial statements have been prepared on a going concern basis following accrual system of accounting. The Company has adopted the historical cost basis for assets and liabilities, except for the following assets and liabilities which have been measured at fair value:

- Provisions, where the effect of time value of money is material are measured at present value
- Certain financial assets and liabilities measured at fair value
- Defined benefit plans and other long-term employee benefits

2.2 Summary of significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

2.2.1 Current vs non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.2.2 Property, plant and equipment

Recognition and Initial Measurement

Property, plant and equipment is recognized when it is probable that future economic benefits associated with the item will flow to the Company and the cost of each item can be measured reliably. Property, plant and equipment are initially stated at their cost.

Cost of asset includes

- a) Purchase price, net of any trade discount and rebates
- b) Borrowing cost if capitalization criteria is met
- c) Cost directly attributable to the acquisition of the assets which incurred in bringing asset to its working condition for the intended use
- d) Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.

- e) Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.

Freehold land is carried at historical cost.

Subsequent measurement

Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure is capitalized if it is probable that future economic benefits associated with the expenditure will flow to the Company and cost of the expenditure can be measured reliably.

Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.

The machinery spares are capitalized if recognition criteria are met.

Depreciation and useful lives

Depreciation on property, plant and equipment, excluding freehold land is provided on straight line basis over the estimated useful lives of the assets as specified in schedule II of the Companies act, 2013.

Particulars	Useful lives (Years)
Building/flats residential/non-residential	60
Plant and Machinery	8-15
Survey instruments	10
Computers	3-6
Office Equipment's	5
Furniture and fixtures	10
Caravans, Camps and temporary shed	3-5
Vehicles	8-10

Depreciation on additions to/deductions from property, plant and equipment during the period is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed

Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.

Property plant and equipment acquired during the period, individually costing up to Rs. 5000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to statement of profit and loss irrespective of its value.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted prospectively, if appropriate. "Ordinarily, the residual value of an asset is up to 5% of the original cost of the asset" as specified in Schedule II of the Companies Act, 2013

Derecognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use

or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

2.2.3 Capital work in progress

Capital work-in-progress represents expenditure incurred in respect of capital projects and are carried at cost less accumulated impairment loss, if any.

2.2.4 Investment properties

Recognition and initial measurement

Investment Property is recognized when it is probable that future economic benefits associated with the property will flow to the company and the cost of property can be measured reliably. Investment property comprises completed property, property under construction and property held under a lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions. Investment properties are measured initially at cost, including transaction costs.

Cost is the amount of cash or cash equivalents paid or the fair value of other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognized in accordance with the specific requirements of other Ind AS.

Subsequent measurement and depreciation

Investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Subsequent cost is added if recognition criteria is met. The Company depreciates building component of investment property on straight line basis over 60 years from the date of original purchase/ completion of construction. Freehold land and property under construction is not depreciated.

Leasehold land acquired on perpetual lease is not amortized.

The residual values, useful lives and methods of depreciation of investment property are reviewed at each financial year end and adjusted prospectively, if appropriate.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair value determined based on an annual evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

Derecognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds if any and the carrying amount of the asset is recognised in statement of profit or loss in the period of derecognition.

2.2.5 Intangible assets

Recognition and initial measurement

Intangible assets are recognized when it is probable that the future economic benefits that

are attributable to the asset will flow to the Company and cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the statement of profit or loss in the period in which the expenditure is incurred. Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets underdevelopment"

Subsequent measurement and amortization

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Software cost up to Rs. 1 Lakhs in each case is fully amortized in the period of purchase, by keeping Rs. 1 as token value for identification.

The cost of capitalized software is amortized over a period 36 months from the date of its acquisition.

Amortization on additions to/deductions from Intangible Assets during the period is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed

Amortization methods, useful lives and residual values are reviewed at each reporting period and adjusted prospectively, if appropriate.

Derecognition

An intangible asset shall be derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds if any and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is de-recognized.

2.2.6 Impairment of non-financial assets

At each reporting date, the Company assesses, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount and the impairment loss, including impairment on inventories are recognized in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has

been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior period. Such reversal is recognized in the statement of profit and loss.

2.2.7 Inventories

- a) Inventories (including scrap) are valued at the lower of cost and net realisable value. Cost includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on First in First out (FIFO) basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.
- b) Construction work-in-progress is valued at cost till such time the outcome of the job cannot be ascertained reliably and at lower of cost or realizable value thereafter.
- c) The initial contract expenses on new projects for mobilization are recognized as construction work-in-progress in the year of incidence, and pro rata charged to statement of profit and loss of the project over the period at the same percentage as the stage of completion of the contract as at the end of reporting period. Site mobilization expenditure to the extent not written off valued at cost.
- d) In Cost Plus contracts, where the cost of all materials, spares and stores not reimbursable as per the terms of the contract is shown as inventory valued as per (a) above.
- e) Loose tools are expensed in the period of purchase.

2.2.8 Revenue recognition

Service concession arrangement

a) Financial Assets Under Service concession Arrangements (Appendix C to Ind AS 115 – Revenue from Contracts with Customers)

The Company recognise a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor ("NHA") for the construction services and Operation & Maintenance services).

Such financial assets are initially measured at fair value i.e. present value and subsequently at amortized cost using the Effective Interest Rate (EIR) method. Under this method, financial asset will be increased for the financing element and reduced as and when money is received from grantor

Ind AS 115 – Revenue from Contracts with Customers)

The Company recognizes and measures revenue from construction and Operation & Maintenance services) in accordance with *Ind AS -115*"Revenue from Contracts with Customers"

Company combine the two or more contracts entered into at or near the same time with the same customer and account for the contracts as a single contract if contracts are negotiated as

a package with a single commercial objective or amount of consideration to be paid in one contract depends on the price or performance of the other contract or goods or services promised in the contracts are single performance obligation.

Transaction price (it does not involve significant financing component) is the price which is contractually agreed with the customer for provision of services. Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties, i.e. GST and is adjusted for variable considerations

The nature of Company's contract gives rise to several types of variable consideration including escalation and liquidated damages.

Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception

The Company recognizes revenue for variable consideration when it is probable that a significant reversal in the amount cumulative revenue recognized will not occur. The company estimates the amount of revenue to be recognized on variable consideration using most likely amount method.

Consequently, amounts allocated to a satisfied performance obligation are recognized as revenue, or as a reduction of revenue, in the period in which the transaction price changes.

The company satisfies a performance obligation and recognizes the revenue overtime, if any of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity perform
- b) The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced or
- c) The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

For performance obligation satisfied over time, the revenue recognition is done by measuring the progress, using percentage completion method, towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Performance obligation is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price.

The accounting for modifications of contracts involves assessing whether the services added to the existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if additional

services are priced at the standalone selling price, or as a termination of existing contract and creation of a new contract if not priced at the standalone selling price.

Contract balances

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (XX) Financial instruments – initial recognition and subsequent measurement.

Contract liabilities A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

Other income

Dividend income is recognized when the right to receive payment is established.

Interest income is recognized using Effective Interest rate method.

Miscellaneous income is recognized when performance obligation is satisfied and right to receive the income is established as per terms of contract.

2.2.9 Borrowing cost

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are charged to statement of profit and loss as incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.2.10 Taxes

a) Current income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with relevant tax regulations. Current tax is determined as the tax payable in respect of taxable income for the period and is computed in accordance with relevant tax regulations. Current income tax is recognized in statement of profit and loss except to the extent it relates to items recognised outside profit or loss in which case it is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognized in statement of profit and loss except to the extent it relates to items recognised outside profit or loss, in which case is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.2.11 Foreign currencies

- Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates (“the functional currency”). The financial statements are presented in Indian Rupees which is also the functional and presentation currency of the Company.

- Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the reporting date are converted to functional currency using the closing rate (Closing selling rates for liabilities and closing buying rate for assets). Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on settlement of monetary items, or restatement as at reporting date, at rates different from those at which they were initially recorded, are

recognized in the statement of profit and loss in the period in which they arise. These exchange differences are presented in the statement of profit and loss on net basis.

2.2.12 Employee benefit

a) Short-term employee benefits

Employee benefits such as salaries, short term compensated absences, and Performance Related Pay (PRP) falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and undiscounted amount of such benefits are expensed in the statement of profit and loss in the period in which the employee renders the related services.

b) Post-employment benefits and Other Long term Employee Benefits

The Post employee benefits & other long term Employee Benefits are provided by Ircon International Limited, the Holding Company, as the employees are on the deputation from the Holding Company.

2.2.13 Cash and cash equivalents

Cash and cash equivalent include cash on hand, cash at banks and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of unrestricted cash and short-term deposits, as defined above as they are considered an integral part of the Company's cash management.

2.2.14 Dividend

Annual Dividend distribution to the Company's equity shareholders is recognized as liability in the period in which dividend is approved by the shareholders. Any interim dividend is recognized as liability on approval by the Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognized directly in equity.

2.2.15 Provisions, contingent assets and contingent liabilities

a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risk and uncertainties surrounding the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Onerous contracts

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Company cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. If the Company has a contract that is onerous, the present obligation under the contract is recognised and measured as a provision. However, before a separate provision for an onerous contract is established, the Company recognises any impairment loss that has occurred on assets dedicated to that contract.

These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

c) Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation or present obligations that may but probably will not, require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

d) Contingent assets

Contingent assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

2.2.16 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

a) Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated

useful lives of the assets.

Leasehold land acquired on perpetual lease is not amortized.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in financial liabilities

iii) Short term lease and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases contracts including lease of residential premises and offices (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

b) Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount

of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.2.17 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

Initial recognition and measurement

All Financial assets are recognised initially at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit and loss). Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- **Debt instruments at amortised cost**

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

- **Debt instruments at FVTOCI**

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the

statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income in statement of profit and loss using the EIR method.

- **Debt instruments at FVTPL**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

- **Equity instruments**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Impairment of financial assets

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS 116
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115
- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: For debt instruments measured at FVOCI, the expected credit losses do not reduce the carrying amount in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the asset was measured at amortised cost is recognised in other comprehensive income as the 'accumulated impairment amount'

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

The difference between the carrying amount and the amount of consideration received / receivable is recognised in the statement of profit and loss.

b) Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings other financial liabilities etc.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- **Financial liabilities at fair value through profit or loss**

The company has not designated any financial liabilities at FVTPL.

- **Financial liabilities at amortized cost**

Loans, borrowings, trade payables and other financial liabilities

After initial recognition, Loans, borrowings, trade payables and other financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

c) Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

d) Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the

reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

e) Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable contractual legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.2.18 Fair value measurement

The Company measures financial instruments at fair value at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets and liabilities, if any. At each

reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Above is the summary of accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

2.2.19 Non – current asset held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn, and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment, investment property and intangible assets are not depreciated or amortized once classified as held for sale. Assets classified as held for sale/distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 “Non-current Assets Held for Sale” are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale. The depreciation reversal adjustment related property, plant and equipment, investment property and intangible assets is charged to statement of profit and loss in the period when non-current assets held for sale criteria are no longer met.

2.2.20 Prior Period Adjustment

Errors/omissions discovered in the current year relating to prior periods are treated as immaterial and adjusted during the current year, if all such errors and omissions in aggregate does not exceed 0.50% of total operating revenue as per last audited financial statement of the Company.

2.2.21 Significant accounting estimates and judgments

The estimates used in the preparation of the said financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events), that the Company believes to be reasonable under the existing circumstances. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date. Although the Company regularly assesses these estimates, actual results could differ materially from these estimates - even if the assumptions underlying such estimates were reasonable when made, if these results differ from historical experience or other assumptions do not turn out to be substantially accurate. The changes in estimates are recognized in the financial statements in the period in which they become known.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Actual results could differ from these estimates.

a. Allowances for uncollected trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amount are based on ageing of the receivables balances and historical experiences. Individual trade receivables are written off when management deems not be collectible.

b. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which managements have concluded based on all available facts and circumstances are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in notes Although there can be no assurance of the final outcome of legal proceedings in which the Company is involved. it is not expected that such contingencies s will have material effect on its financial position of probability.

c. Impairment of financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation., based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

d. Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the nature of business differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

e. Impairment of non financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from

binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model.

- f. Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

3

The Company has lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

- g. Revenue recognition

The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

IRCON DAVANAGERE HAVERI HIGHWAY LIMITED

CIN- U45500DL2017GOI317401

Notes to the Financial statements for the period ended 31st March 2021**23 Service Concession Arrangements**

Public to private service concession arrangements are recorded in accordance with Appendix "C"- Service Concession Arrangements (Ind AS-115). Appendix "C" is applicable if:

- The Grantor controls or regulates which services the operator should provide with the infrastructure, to whom it must provide them, and at what price; and
- The Grantor controls- through ownership, beneficial entitlement, or otherwise- any significant residual interest in the infrastructure at the end of the term of the arrangement.

If both of the above conditions are met simultaneously, a financial asset is recognized to the extent that the operator has an unconditional contractual right to receive cash or other financial asset from or at the discretion of the Grantor for the service.

These financial assets are initially recognized at cost, which is understood as the fair value of the service provided plus other direct costs directly attributable to the operation. They are then stated at amortized cost at the end of each financial year.

Iron Davanagere Haveri Highway Limited (IDHHL) has entered into service concession arrangement with National Highway Authority of India (NHAI) dated 19-06-2017. in terms of which NHAI (the grantor) has authorized the company for development, maintenance and management of National Highway No. 48 (Old NH-4) including the section from Km 260.00 to Km 338.923 (approx. 78.923 Km) on Davanagere - Haveri Section of National Highway No. 48 (Old NH-4) in the State of Karnataka by six-laning thereof on design, build, finance, operate and transfer basis . In terms of the said agreement IDHHL has an obligation to complete construction of the project of Six laning of Davanagere Haveri section and to keep the project assets in proper working condition including all projects assets whose lives have expired. The Project is under Annuity pattern.

The Concession period shall be 15 years commencing from the appointed date. At the end of the concession period, the assets will be transferred back to National Highway Authority of India (NHAI).

In case of material breach in terms of agreement the NHAI and IronDHHL have right to terminate the agreement if they are not able to cure the event of default in accordance with such agreement.

Company has recognized financial asset of Rs.46379.32 Lakhs under service concession agreement upto the period ended 31st March 2021 after taking into account the receivables due from NHAI on completion of milestone as per terms of the contract. The company has recognised revenue of Rs 19306.31 Lacs for the period ended on 31st March 2021 on construction of Road under SCA as per Ind AS - 115 related to "Revenue from Customers". The company has recognized receivable under service concession arrangement and shown under Other Financial Assets which it will receive as per terms of the contract based on the completion of milestone, as on 31st March 2021.

Disclosure in terms of Appendix D of Ind AS 115

In terms of the disclosure required in Appendix D in Ind AS -115 Revenue from Customers, as notified in the companies (Indian Accounting Standard) rules 2016, the amount considered in the financial statements up to the balance sheet date are as follows:-

Particulars	(Rs. in Lacs)

Notes to the Financial statements for the period ended 31st March 2021

24 A. Fair Value Measurements

(i) Category wise classification of Financial Instruments

Financial assets and financial liabilities are measured at fair value in these financial statement and are grouped into three levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

a)The carrying values and fair values of financial instruments by categories as at 31 March, 2021 are as follows:

(Rs. in Lacs)

IRCON DAVANAGERE HAVERI HIGHWAY LIMITED
CIN- U45500DL2017GOI317401
Notes to the Financial statements for the period ended 31st March 2021

The management assessed that cash and cash equivalents, trade receivables, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- i) The fair value of investments in mutual fund units is based on the Net Asset Value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.
- (ii) Long term variable rate borrowings are evaluated by company on parameters such as interest rates, specific country risk factors and other risk factors. Based on this evaluation the fair value of such payables are not materially different from their carrying amount.

* During the financial year 2020-21 and 2019-20, there were no transfers between Level 1, Level 2 and Level 3 fair value measurements.

B. Financial Risk Management

The Company's principal financial liabilities borrowing and other financial liabilities. The Company's principal financial assets include cash and cash equivalents and recoverable from NHAI that derive directly from its operations. The Company's activities expose it to some of the financial risks: market risk, credit risk and liquidity risk.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign currency risk and Interest rate risk. Financial instruments affected by market risk includes borrowings, trade receivables, trade payable and other non derivative financial instruments.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The company manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is fixed for the period of financial instruments.

b) Credit Risk

The Company's customer is NHAI under Ministry of Road Transport and Highways. Accordingly, the Company's customer credit risk is low. The Company's average project execution cycle is around 24 to 36 months. General payment terms include mobilisation advance, monthly progress payments with a credit period ranging from 45 to 60 days and certain retention money to be released at the end of the project. In some cases retentions are substituted with bank / corporate guarantees. The Company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

Trade and other receivable

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

No significant changes in estimation techniques or assumptions were made during the reporting period. During the year, the Company has recognised loss allowance of Rs. Nil Lakhs (31 March, 2020 : Rs. Nil Lakhs).

c) Liquidity risk

The Company manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. The treasury department regularly monitors the position of Cash and Cash Equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The Company's investment policy and strategy are focused on preservation of capital and supporting the Company's liquidity requirements. The senior Management of the Company oversees its investment strategy and achieve its investment objectives. The policy requires investments generally to be investment grade, with the primary objective of minimising the potential risk of principal loss.

The table below provides details regarding the significant financial liabilities as at 31 March 2021 and 31 March 2020

IRCON DAVANAGERE HAVERI HIGHWAY LIMITED
CIN- U45500DL2017GOI317401
Notes to the Financial statements for the period ended 31st March 2021

d) Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

The following table gives details in respect of revenues generated from top five projects.

Particulars	For the year ended	
	31-03-2021	31-03-2020
Revenue from top 5 Projects	19,306.31	39,283.50
	19,306.31	39,283.50

4	The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
5	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under Section 23 of the MSMED Act 2006	-	-

32 Disclosure as required by Ind AS 1 "Presentation of Financial Statements"**Changes in significant accounting policies:**

During the F.Y 2019-20 Policy of 'Leases' has been modified in the significant accounting policies due to the applicability of Ind AS 116 "Leases".

Ind AS 116 was notified with effect from April 1, 2019 which replaces Ind AS 17. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Company elected to use the transition practical expedient not to reassess whether contract is or contains lease at April 01, 2019. Instead, the Company applied the standards only to contracts that were previously identified as leases applying Ind AS 17. Further, company has Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application and the total lease term is less than 12 months.

The Company has lease contracts for its office which is cancellable by the both the lessor and lessee hence its is covered under the short term leases and company is having Nil impact due to adoption of the Ind AS-116.

- 33** During the F.Y 2019-20 company has taken the opinion related to the presentation of the income earned from the mobilisation advance and interest cost of the mobilisation advance in the financial statements. Ind AS 1 "Presentation of Financial Statements" allows netting off of these two interests for accounting purpose as it reflects the substance of the transaction. Based on the Opinion, company has netted the interest expenses on the mobilisation advance from the interest income earned from the mobilisation advance in the financial statements. Further, Company has calculated its estimated cost of the project without considering the interest payment on the mobilisation advance to the NHAI and calculated the revenue accordingly. As it is a matter of estimates and presentation hence no change is required in accounting policy for accounting of these interest income.

34 Covid19 Disclosure

The World Health Organisation (WHO) declared outbreak of novel Coronavirus (COVID -19) a global pandemic on March 11, 2020. Consequent to this, Government of India declared nationwide lockdown on March 24, 2020 and ordered temporarily closure of non-essential businesses, imposed restrictions on the movement of goods and services, travel etc..

As the nature of business performed by the Company, falls under the non-essential category, the Company temporarily suspended the operations in all ongoing projects in compliance with the lockdown instructions issued by the Central and State Governments. These nationwide lockdown restrictions had impacted the normal operations of the Company by way of interruption of project execution, supply chain disruption and unavailability of personnel during the lockdown period since 22nd March'2020.

The Central and State Government have initiated the steps to lift the lockdown and the Company is adhering to the same as it has resumed its activities based on the resources available. The Company has been able to resume operations at project sites from the beginning of May 2021 in a gradual manner. The Company has taken necessary precautions to ensure the health, safety and wellness of all employees and also put in place the SOPs and all the guidelines as per the Central and State Governments to prevent the spread of COVID-19. Due to ongoing impact of 2nd wave of COVID 19, the Company expects construction to reach optimum levels once situation normalises post lifting of lockdown as migrant labourers resume work gradually. Meanwhile, the company is exploring increased use of technology to fasten the pace of construction going forward.

Financial performance

The Company believes that for the year 2020-21, there has been impact of COVID19 pandemic on the financial performance of the Company in terms of revenue and profitability of the Company, which will be determined on the achieving Commercial Operation Date (COD).

Liquidity

The Company has access to sufficient liquidity for its operation. The short-term investments of the Company are in such instruments which can be encashed on need basis.

The Company expects to recover the carrying amount of its assets comprising property, advances, trade receivables, deferred taxes, other financial and non-financial assets etc. in the ordinary course of business based on information available on current economic conditions.

IRCON DAVANAGERE HAVERI HIGHWAY LIMITED
CIN- U45500DL2017GOI317401
Notes to the Financial statements for the period ended 31st March 2021

Steps taken for smooth functioning

During the lockdown period, the Company has taken various steps towards rethinking the new normal for the business post COVID-19 lockdown. The working at non-critical locations of the Company was streamlined with work from home norms and roster for the employees as per the guidelines issued by the government authorities was finalised. Further, the Company has put in place stringent monitoring processes for COVID-19 ensuring the following:

- (i) Thermal Screening of all employees and visitors
- (ii) Sanitizing the premises and vehicles on regular basis
- (iii) Maintenance of social distancing at all work places
- (iv) Enforcing wearing of masks and regular cleaning of hands
- (v) Regular health updates of all the employees and their families
- (vi) Conducting awareness programs regularly for all its employees

Estimation of the future impact of CoVID-19 With the commencement of works at project, the Company is constantly reviewing its operation and is making every possible effort to make up for the lost time due to the pandemic. Though the management expects to have reduction in Revenue and Profitability in the FY 2021-22, the impact of the lockdown disruption will have to be assessed from time to time and communicated as we progress during the current financial year. A lot depends on the success of the various pandemic containment efforts being undertaken by the State and Central Governments and Health authorities. It is therefore premature to forecast the future impact with credibility at this stage.

The actual impact of the global health pandemic may be different from that which has been estimated, as the COVID 19 situation evolves in India and globally. However, the Company will continue to closely monitor any material changes to future economic conditions.

- 35** Ministry of Corporate Affairs (MCA), vide its notification dated March 24, 2021, amended Schedule III of the Companies Act, 2013 with effect from April 1, 2021. Management is of the view that since the changes are applicable from April 1, 2021, those are applicable for the financial year commencing from April 1, 2021 and are applicable to Financial statements issued in respect of accounting years commencing on or after April 1st, 2021. Therefore, related disclosures are not considered in these financial statements for the year ended on March 31, 2021.
- 36** Figures of the previous year have been regrouped / recasted / restated wherever necessary for consistency with the current period presentations. These reclassifications have no effect on the reported results of operations. Also, previous year figures are shown under bracket () to differentiate from current year figures
