IRCON provides solar street lights under CSR

JAMMU: IRCON has provided solar-powered lighting in remote areas across the country as a part of its CSR scheme. A total of over 120 solar street lights have been provided in remote areas near projects at Rae Bareli district (U.P.), Banihal (J&K), Sivok (W.B.), Dholpur (Raj.), New Delhi, and Gwalior (M.P.) etc. at a cost of about Rs. 30 lakhs. The solar-powered lights are environment-friendly and meet the needs of locals in remote areas which face problems of frequent power cuts.

IRCON during the FY 2012-13 allocated Rs. 9.39 crores for CSR activities and Rs. 87 lakhs for Sustainable Development activities based on the DPE guidelines. Against this, the Company spent around Rs. 9.74 crores on CSR activities and Rs. 89 Lakhs on Sustainable activities.
