### CHAIRMAN’S ADDRESS

---

**Dear Distinguished Shareholders/Members,**

At the outset, I would like to welcome you all to the First Annual General Meeting (AGM) of your Company - Ircon PB Tollway Limited (IrconPBTL). Presenting the overview of Company’s business operations for the first financial year ending 31<sup>st</sup> March 2015, I look forward for your valuable inputs and suggestions for driving and steering the Company towards achievement of robust performance.

IrconPBTL has been established as a wholly-owned subsidiary of Ircon International Limited in the previous FY 2014-15 in terms of the Concession Agreement entered with the National Highways Authority of India (NHAI), Ministry of Road Transport and Highways, on 7<sup>th</sup> day of November 2014. The Company has been incorporated primarily to execute the project of widening and strengthening of the Bikaner-Phalodi Section (NH-15) in the State of Rajasthan, with specific scope of operations as laid down in the Memorandum of Association (MOA). It is actually a separate strategic business unit being created with separate management and accounting for achievement of earmarked business goals and objectives in a time bound and cost-effective manner.

Following the Public-Private Partnership (PPP) Model, Build, Operate and Transfer (BOT) Based - Concession Contracts are being awarded by NHAI under their flagship programme NHDP Phase – IV for four-laning, two-laning and strengthening of national highways and expressways. As part of the implementation of the program, the Company has been entrusted with the work of “Four laning from km.4.200 to km 55.25 and Two-lane paved shoulder from km.55.25 to km.163.500 of the Bikaner-Phalodi Section” and we shall whole-heartedly endeavour to execute the project and deliver the desired results.

The Company as “Concessionaire” shall be constructing and operating the Project Highway for a Concession Period of 26 years. The operations are expected to commence from the Financial Year 2018-2019 when the project will come into commercial operations and start earning toll income from the toll tax levied on the passenger and commercial vehicles plying on the Highway.

Consistent profits from the project are expected to accrue over the tenure of concession period after servicing the debts and all the other liabilities and generating an adequate Return on Investment (ROI).

With such financial performance, the Company intends that its equity shareholder reap benefits in the form of cumulative distributable profits available post-deduction of all expenses and payments.

### **Financial and Operational Status**

Company has tied up funding arrangements for the project and the commencement of construction work is likely to start within a month’s time. The Project’s detailed financial and operational status has been brought out in the Director’s Report.

### **Corporate Governance**

Company and its Directors aim on ensuring full accountability towards its shareholders and other stakeholders. There is responsibility towards adopting such Business Practices and Procedures which lead to achievement of business goals with fair means and measures. A Strong Written Policy on Corporate Governance is being developed to incorporate explicit guidelines and mechanisms for internal management of the Company.

### **Concluding Remarks**

I, thereby, conclude by saying that your Company shall remain committed towards the challenging and daunting task of development of this project and would resort to best industry practices for resource allocation and management of funds in a cost effective manner.

Employees’ State Insurance is not applicable to the Company. According to the information and explanation given to us, there are no undisputed statutory dues outstanding as on 31.03.2015.
