CHAIRMAN'S ADDRESS

(AT THE 42ND AGM-14.09.2018)

Dear Shareholders,

I am delighted to welcome you all on the occasion of 42nd Annual General Meeting of your company. It gives me immense pleasure to present before you the Annual Report for the financial year 2017-18. This has been a year of transition for IRCON during which we have not only maintained business growth, profitability, productivity and order book consolidation but also exercising listing of the company through part disinvestment of holding by Government of India.

Financial Highlights

Financial Year 2017-18 was the remarkable year in terms of business growth.

- The total Income / Turnover of your Company has registered an increase of 26.70% to Rs.4,123 crore in 2017-18 as compared to Rs.3,254 crore in 2016-17 and Profit after tax has increased by approx. 6% from Rs.369 crore to Rs.391 crore during the corresponding period. About 95% of the total income i.e. Rs.3,896 crore has risen from operations, out of which about 15.43% i.e. Rs.601 crore has been contributed by foreign projects.
- On a consolidated basis, your Company has recorded a turnover of Rs.4,212.40 crore and consolidated PAT of Rs.411.62 crore during the financial year ended 31st March 2018.
- The Company has already paid an interim dividend of Rs.95.15 crore for the financial year 2017-18 and now proposes final dividend amounting to Rs.97.25 crore i.e. 103% of the paid-up share capital. Thus, the total

dividend for 2017-18 would sum up to Rs.192.40 crore which is 204% of the paid-up share capital and 49.22% of the post-tax profits. After the proposed final dividend, the cumulative dividend to shareholders for the year 2017-18 will amount to Rs.1,492.31 crore.

- During the year, the authorized share capital has been increased from Rs.100 crore to Rs.400 crore. Your Company had bought back 49,28,426 equity shares of President of India at a price of Rs.386.72/- per equity share, amounting to Rs.190.59 crore. Subsequent to buy back of shares, the paid-up share capital of the Company stood reduced from Rs.98.98 crore to Rs.94.05 crore w.e.f. 26th December 2017.

Performance under MoU

With robust all-round performance, your company is expected to achieve the "Excellent" rating for the MoU signed with the Government of India for the year 2017-18 after a gap of 4 years.

Listing with Stock Exchange

After the announcement of the listing of shares of Ircon in the budget for the 2017-18 by the Government of India, DIPAM, Ministry of Finance, the process of disinvestment of approx. 10.53% of post paid-up share capital by the President of India has commenced. Ircon will not receive any proceeds from the Offer and all proceeds shall go to the Government of India, however, it will have the benefits of listing the Equity Shares on the Stock Exchanges.

The Issue/Offer opening date is 17th September 2018 and the closing date is 19th September 2018. Price Band for the offer fixed by the Government of India & the Company in consultation with BRLM is Rs.470 to Rs.475 per Equity Share. A discount of Rs.10 per share on the offer price has been allowed to the eligible Employees and retail individual investors. The bids can be made in lot size of 30 Equity Shares. The Company is likely to be listed by 28th September, 2018.

Operational Profile

During 2017-18, Your Company has commissioned two foreign projects in Bangladesh and three projects in India. So far it had completed more than 127 projects in more than 24 countries across the globe, and 380 projects in various states in India as on 31st March 2018.

During the year your Company has secured eleven projects in India of total value amounting to Rs.6,106 crores. Concerted efforts are being made to secure contracts in Bangladesh, Thailand, Nepal, Turkey, Ghana, Sri Lanka, and Malaysia.

After the closure of the financial year, the Company has also secured many projects in India major of which is construction of Eight lane Vadodra Kim Expressway (Package-II) on HAM basis from NHAI, in the state of Gujarat for a total value of Rs.1865 crore.

Your Company has entered into a Memorandum of Understanding on 26th March 2018 with the Rail Land Development Authority (RLDA) for transfer of lease hold rights to Ircon for commercial development on the land parcel admeasuring 4.3 (four point three) Hectare at Bandra East, Mumbai, Maharashtra, against the payment of Upfront Lease Premium. In consideration of its roles and responsibilities, Ircon shall be entitled to receive from RLDA, an amount equivalent to a total of 3% (three percent) of the Upfront Lease Premium.

Order Book

Our Order Book as of March 31, 2018 was ₹22,407 crores which translates into approximately six times our total operating revenue in Fiscal Year 2018, and we believe it provides evidence of our healthy revenue profile.

We believe that growth in our Order Book position is a result of our track record of successful execution of our projects, which has led to our ability to successfully bid and win new projects. The growth of our average size new orders, together with our diversified business activities in infrastructure projects across transportation, engineering, and building construction limits the risks associated with any particular industry, while simultaneously helping us to benefit from the synergies of operating in diverse business sectors. Further, our track record of executing projects within the specified timelines has also helped us minimize cost overruns.

In view of healthy order book and huge investment taking place in infrastructure projects in India, I am confident that the accelerated growth will continue in years to come.

Subsidiary and Joint Venture Companies

As on 31st March 2018, Ircon had four wholly owned subsidiary companies viz., Ircon Infrastructure & Services Limited, Ircon PB Tollway Limited, Ircon Shivpuri Guna Tollway Limited and Ircon Davanagere Haveri Highway Limited. After the close of the year, one wholly owned subsidiary of the Company by the name of Ircon Vadodara Kim Expressway Limited got incorporated on 16th May, 2018.

Your Company holds 50% equity stake with Soma Tollways

Private Limited in Ircon Soma Tollway Private Limited (Joint venture Company) and 50 % stake with RLDA in IRSDC. Your Company also holds 26% equity stake in five other joint venture companies viz. CERL, CEWRL, MCRL, JCRL and BRPL incorporated mainly for coal connectivity projects in the States of Chhattisgarh, Jharkhand, Odisha.

Human Resource

Your company considers its employees as valued assets and focuses on welfare of its employees including minorities and women employees together with focus on acquiring best talent with required skills to cater to its manpower needs. During the year 2017-18, 329 employees [104 regular, 14 on deputationists, and 211 employees on contract basis (including service contract)] were appointed. Out of these new recruits, 112 employees are technically and professionally qualified.

Corporate Governance, CSR and Sustainability

Your Company is committed to good governance, and complies with the requirements of corporate governance under the DPE Corporate Governance Guidelines, other legal requirements. During the year, your Company has spent an amount of Rs.8.73 crore towards Corporate Social Responsibility (CSR) initiatives. The CSR initiatives, aimed at conducting business in a sustainable manner, broadly comprise of activities in the field of health, sanitation, education, employment enhancing education including education for differently abled, environment, infrastructure development, launching CSR mobile application to provide information about the various activities undertaken under CSR etc.

Acknowledgement:

I take this opportunity to express my sincere thanks and gratitude to my colleagues on the Board of Directors for their valuable guidance and advice in the management of the Company. I am also thankful for the whole-hearted support received from the Ministry of Railways, Government of India, DIPAM, other Ministries and Departments of Government of India, our shareholders, financial institutions, banks, CAG, Statutory, Cost & Secretarial Auditors and look forward for their continued support in Company's future endeavors.

I, on behalf of the entire Board of Directors, sincerely thank all the employees of Ircon at all levels and would like to place on record the appreciation of the Board for the hard work and dedication of all the employees.

DIRECTORS' REPORT

DISTINGUISHED SHAREHOLDERS

The Directors of your Company have pleasure in presenting their 42nd Report on the affairs of the Company for the financial year 2017-18.

1. FINANCIAL PERFORMANCE / HIGHLIGHTS

A. Financial Performance:

During the financial year 2017-18, your Company achieved a total operating income of Rs.3,896.39 crore, registering 28.84% increase over previous year's operating income of Rs.3,024.23 crore (re-grouped). The operating turnover from international segment increased by Rs.274.18 crore i.e. from 326.95 crore to Rs.601.13 crore and the domestic segment reports increase in operating turnover of Rs.627.41 crore i.e. from Rs.2,667.85 crore to Rs.3,295.26 crore.

The profit before tax (PBT) has increased to Rs.533.31 crore as compared to Rs.531.54 crore (including exceptional items of Rs.73.69 crore) in the last year. The PBT has increased mainly due to increase in total turnover from that in the previous year. The profit after tax has increased to Rs.390.86 crore over the previous year of Rs.368.85 crore.

The earnings per share for the year 2017-18 have increased to Rs.40.01 as compared to Rs.37.27 in the previous year. The increase has been on account of increase in profit after tax and buy-back of shares done during the year.

On a consolidated basis, your Company has recorded a turnover of Rs.4,212.40 crore during the financial year ended 31st March 2018 and achieved consolidated Net Profit of Rs.411.62 crore for the said financial year.

B. Financial Performance Indicators:

Some important indicators of financial performance of the Company for the year 2017-18 vis-à-vis 2016-17 are given below:

Sl. No.	Particulars	2017-18	2016-17	Increase / (Decrease) [in %]
1.	Total income/turnover	4123	3254	26.70
2.	Total Operating income/turnover	3896	3024	28.84

(Rs.in crore)

	TOTAL	231.76	231.57

*Proposed Dividend Distribution Tax on proposed dividend of Rs.97.25 (to be declared at the AGM) amounting to Rs.19.99 crore.

2. Capital Redemption Reserve:

During the year, your Company has transferred Rs.4.93 crore to capital redemption reserve account for buy-back of equity shares [detailed in para F (2) below], which is equal to nominal amount of equity shares so bought back and extinguished during 2017-2018.

F. Increase in Share capital:

1. Authorised Share Capital:

During the year, the authorized share capital has been increased from Rs.100 crore to Rs.400 crore in terms of approval by the shareholders at the Extra-ordinary General Meeting held on 22nd May 2017. This increase was already approved, vide letter dated 3rd November 2016, by the President of India (through administrative ministry).

2. Paid-up Share capital after Buy-Back of equity shares:

The Inter Ministerial Group (IMG), Department of Investment and Public Asset Management (DIPAM) at its meeting held on 7th June 2017 on the basis of examination of financial accounts of IIRCON for the financial year 2016-17 and on financial criteria specified in "Guidelines on capital Re-structuring of CPSEs" issued by DIPAM on 25th May 2016, suggested

IIRCON to consider buy-back of shares to the tune of 5% of aggregate paid-up equity and free reserves of the Company as on 31st March 2017. Accordingly, with the approval of the Board of Directors a proposal for buy-back by the Company of its fully paid-up equity shares of Rs.10/- each not exceeding 49,41,818 fully paid-up Equity Shares was sent to the existing shareholders at a price of Rs.386.72/- per Equity Share payable in cash on a proportionate basis upto 5% of the net worth (comprising paid-up share capital plus free reserves) i.e. Rs.3,822.27 crore as per the audited financial results of the Company for the year ended on 31st March 2017.

Thus, based on the acceptance of the offer by the Ministry of Railways (on behalf of the President of India), your Company had bought back 49,28,426 fully paid-up equity shares of Rs.10/- each utilizing Rs.234.57 crore (which includes tax of Rs.43.98 crore). Accordingly, the paid-up share capital of the Company stood reduced from Rs.98.98 crore to Rs.94.05 crore w.e.f. 26th December 2017.

3. Listing of Shares:

After the announcement of the listing of shares of IIRCON in the budget for the 2017-18 by the Government of India, DIPAM, Ministry of Finance has appointed Legal Advisors, Book Running Lead Managers (BRLM) and Registrars to the Issue for disinvestment of paid-up equity share capital of the Company through Initial Public Offering (IPO) of shares by the Promoters (i.e. Government of India).

Accordingly, for the proposed initial public offering of equity shares of IIRCON, M/s. Crawford Bayley & Co. along with their International consortium partner M/s. Hogan Lovells are Legal Advisors; IDBI Capital Markets & Securities Limited, SBI Capital Markets Limited, and Axis Capital Limited are BRLM; and M/s Karvy Computer Karvy Computershare Private Limited is providing services of Registrar.

Your Company has filed Draft Red Herring Prospectus (DRHP) with SEBI on 27th March 2018. Subsequently, BSE and NSE have granted its in-principle approval of the Company's listing application and SEBI observations have been received on 12th July 2018. Subsequently, the Board of Directors at its meeting held on 31st August 2018 have approved the Red Herring Prospectus (RHP) of the Company.

4. Dematerialization of Shares:

The details of dematerialization of shares is provided in the extract of Annual Report placed as Appendix-G in Para IV (Share holding Pattern).

2. ORDER BOOK

3. OPERATIONAL PERFORMANCE

A. Completed Foreign Projects:

Your Company has commissioned two projects in Bangladesh during the financial year 2017-18.

Bangladesh

1. The project for construction of 2nd Bhairab Railway Bridge with Approach Rail Lines (Lot-A) -- being undertaken through unincorporated JV between your Company and AFCONS viz. IRCON-AFCONS JV for Bangladesh Railway, at a revised value of Rs.265 crore (Ircon's share), has been completed in March 2017. The trial run of engine was carried out on 10th April 2017.

The bridge was inaugurated jointly by Hon'ble Prime Minister of India Mr. Narendra Modi and Hon'ble former Prime Minister of the People Republic of Bangladesh Sheikh Hasina Wazed by Video Conferencing on 9th November 2017.

2. Design, Supply, Installation, Testing, and Commissioning of Computer based Interlocking Colour Light Signalling System on turnkey basis at 11 stations between Ishurdi-Darsana section of Bangladesh for Bangladesh Railway, at a value of Rs.60 crore has been completed in September 2017.

2nd Bhairab Bridge on River Meghna, Bangladesh

B. On-going Foreign projects:

Your Company is executing the following three projects in foreign countries:

Bangladesh

1. Construction of Embankment, Track, all civil works, major & minor bridges (Except Rupsha) & culverts and implementation of EMP against Package WD1 under the project Construction of Khulna-Mongla Port Rail Line for Bangladesh Railway, at a value of Rs.911 crore (USD 147.80 million). The physical progress up to March 2018 is 14%. The work was commenced in March 2016 and is scheduled to be completed in February 2020.

The project is progressing slowly due to late handing over of encumbrance free land and issuance of drawings for alignment (L-section and X-section), bridges and buildings by the Engineer/Bangladesh Railway.

Installation of prefabricated vertical drains, Bangladesh

Algeria

2. Installation of double track line (93 kms) in Algeria awarded by ANESRIF, Ministry of Transport, Government of Algeria, initially awarded at a value of Algerian Dinar Cr. 1,628 (Rs.1,003 crore converted) involving construction of second line and upgradation of existing line, with diversion of 10 Kms from Ouedsly to Yellel in Alger-Oran section of Algerian Railways. The value of contract including additional works for realization of double line has been revised to Algerian Dinar Cr. 3,073 (Rs. 1,784 crore converted). The project was awarded in 2008 and is likely to be completed in December 2019. The reasons for delay are significant increase in scope of works, delay in payments due to non-allocation of funds to the project, excessive delay in approval of amendments, delay in approval of drawings and removal of obstructions, delay in resolving the discrepancy in mode of payments etc.

The work of 67 kms new track has been handed over to the client inspite of the cash flow problems which are hampering progress particularly structural works awarded to sub-contractors. Work on the existing line has also started in the first stretch of 13 kms, 6 out of 7 station buildings are ready to be handed over and the bridge work has picked up with assurance of timely payments. With the improvement in international oil prices the client has assured uninterrupted payments which will improve the progress of works and likely completion by December 2019.

South Africa

3. Procurement of Plant Design, Supply and Installation of Overhead Track Equipments, Traction Sub-stations, Auxiliary Power Supplies Substations, Bulk Power Supplies Switching Stations and Signalling Systems for Majuba Rail Project, South Africa, for Eskom Holdings SOC Limited, at a value of Rs. 308 crore (Rand 663 million, Rand 1 = 5.212). The work has been secured in November 2015. During the operation of contract, Foreign Currency issue arose which has been resolved. The physical work have been completed in March 2019 and commissioning work are in progress.

C. Likely Foreign projects:

Concerted efforts are being made to secure contracts in Bangladesh, Thailand, Nepal, Turkey, Ghana, Sri Lanka, and Malaysia.

12. QUALITY, ENVIRONMENT, AND HEALTH & SAFETY MANAGEMENT

Quality Management System (QMS) has been successfully sustained and continually improved since 1996 when the Company as a whole was first certified for ISO-9002-1994 by TUV SUD Private Limited. Your Company has continued the certification and sustained the system as per latest revised code ISO 9001:2015 (by periodical re-certification audit after expiry of every three years). Latest re-certification audit has been conducted in March 2017, whereby the Company has been re-certified by TUV-SUD for a period of another three years i.e. up to June 2020

The Company has developed the mobile phone / web based video library, for Personal Safety & safety in construction in 2D format. This mobile / internet based application has been released in English and Hindi and is available on Ircon's internal website.

During the year, the Company has started an initiative to share technical knowledge and technical papers based on IS/IRC/IRS/ASTM Standards, Standard Construction practices and experiences. The topics

were, CAR and PII & PLI Policies; Railway Doubling projects – Work Procedure; Working Adjacent to Railway Track – Safety Guidelines; Comparison between IS: 383- 1970 versus IS: 383 - 2016; The Slings - Vital And Weak Links in Lifting & Hoisting Operations; Bolt and Nuts - Engineering Aspects; High Strength Concrete - Concrete with Mineral Additives.

Your Company established an Environment Management System (EMS), and was certified for ISO 14001:2004 in October 2011. The latest re-certification audit for ISO 14001-2015 has been conducted in March 2017 whereby the Company has been re-certified for another three years i.e. up to May 2020.

During the year, QMS was updated in the month of June 2017 and EMS in the month of May 2017, quite before the last updation date of September 2018, which is an improvement over the past practices in the Company.

The Company nominates Environment officers at major Indian projects to monitor EMS at their respective projects who complies with the environmental laws and monitor air quality. This is an ongoing process until completion of the project. Environmental checklists have been developed and maintained by all projects. In addition, the Company has a fully operational environmental lab in Jammu for study of impact on environment by the construction activities.

Environmental friendly equipment such as solar panels have been installed and are being installed at various offices / projects. Waste water is recycled at Corporate Office through Sewage Treatment Plant (STP), and the same is used for horticulture work. STPs are also being constructed at Noida, Gurgaon, and MFC buildings. LED lights, sensor lights and sensor taps are being used in Corporate Office to conserve electricity and water. Various environment friendly steps like use of fly ash brick instead of clay brick, rain water harvesting arrangements, sensor controlled Chromium Plate (CP) fittings, use of latest version of facade glass (glass in building) to make the building sustainable etc. are being taken up across various offices / projects of the Company. Monitoring of water usage and waste water, ambient air quality and noise quality is also being carried out at various construction sites. The Company is emphasizing on providing clean

environment by initiating indoor air quality monitoring in the Corporate Office building. Tree plantation is also undertaken by corporate office and project offices.

Reports of these audits not only contained details of non-conformities encountered during the audit but also the salient features, progress, positive points, if any, etc.

13. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, AND UPGRADATION

On energy conservation front, your Company has completed work of Design, Supply, Installation, Testing and Commissioning of grid connected solar power plant of 2MW capacity with all the electrical and associated equipment including civil works at Rail Coach Factory, Rae Bareli (U.P.), at a value of Rs. 15.60 crore. The plant is fully operational, and meets about 21% of electrical energy requirement for the factory. The Company has procured 1 MW additional Solar power Plant at Rail Coach Factory, Rae Bareli in addition to earlier installed 2 MW Solar Power Plant.

Additional 10 KW Roof Top Grid Connected Solar Power Plant has been made operational as a step to conserve energy. This Solar Power Plant is in addition to existing capacity of 80 KW, and has been implemented after energy audit contributing to environment through usage of Green Energy.

Further, additional capacitor banks have been installed at Corporate Office building to improve power factor which would further reduce the Electrical Energy consumption.

Technology absorption and upgradation

Supervisory Control and Data Acquisition System (SCADA) for energy management have been made operational at Rail Coach Factory, Rae Bareli. Further, the Company has constructed all sub-station buildings in DMRC with latest energy efficient and environmental friendly guidelines which includes LED lights, Rain Water harvesting.

For the first time in Indian Railways, Overhead Equipment (OHE) design for Railway Electrification Project is being carried out by using Drone camera for picking the coordinates through Differential Global Positioning System (DGPS). The OHE layout plans are then prepared with the help of Autocad. Ircon has also planned for use of Drone Camera for Katni Singrauli Doubling project.

During the year, development of Circular OHE foundation in situ and Precast was done in Mathura – Kasganj – Kalyanpur Section for Railway Electrification Project.

Your Company has supplied and commissioned 66 KV High Voltage Cable first time developed indigenously for Delhi Metro Rail Corporation (DMRC) Project. Ircon has also imported 25 KV Gas Insulated Switchgear (GIS) for Vinod Nagar Traction Sub-station of DMRC. The use of GIS reduces the requirement of space for sub-stations.

Uncommon technique of launching of girder by cantilever method was used at 2nd Bhairab Bridge in Bangladesh by utilizing the benefit of river water. The barge of 250 tonne capacity was used to mount the road crane as well as the members of the truss. The whole barge was brought parallel to the working span and members were erected by the road crane when the barge was properly anchored. With this process of cantilever launching time cycle was reduced from 45 days to 30 days for erection of truss bridge of 102.4 meter in length. This also economized the cost by saving the extra material to be welded on the bottom chord.

Further, New Austria Tunnelling Method (NATM) is proposed to be adopted for construction of tunnels in Sivok–Rangpo project. This method is very useful in complex diversified geological condition where forecasting of the rock mass is difficult due to rapidly changing geology.

14. RESEARCH & DEVELOPMENT (R&D)

Your Company does not undertake any pure research project but takes the help of consultants and firms to innovate and to develop methods and techniques to execute projects in a cost effective manner, with requisite quality, to enhance the technological competence and efficiency.

During the year, the Company has used drone technology for development of OHE layout plan of the value Rs. 55.10 lakhs for 339 RKM.

15. INFORMATION TECHNOLOGY AND DEVELOPMENT OF ERP

CORPORATE SOCIAL RESPONSIBILITY (CSR) AND SUSTAINABILITY REPORT

1. A brief outline of the Company's CSR & Sustainability Policy, including overview of projects or programs undertaken and its web-link:

Corporate Social Responsibility (CSR) and Sustainability is Ircon's commitment to its stakeholders to conduct business in an economically, socially and environmentally sustainable manner that is transparent and ethical.

The thrust of Ircon's CSR and Sustainability is on capacity building, empowerment of communities, inclusive socio-economic growth, environment protection, promotion of green and energy efficient technologies, development of backward regions, and up-liftment of the marginalized and under-privileged sections of the society.

As per the provisions of the Companies Act, 2013 and relevant guidelines of DPE for the CSR, Ircon has framed its CSR & Sustainability Policy which aims to bring qualitative social changes to empower the society in all aspects through its social impact. The objective of the CSR & Sustainability Policy is to focus on the activities impacting society, economy and environment for betterment and growth. The policy gives the opportunity to work in diversified fields of social sector to meet the basic necessary requirements by promoting a healthy and sound livelihood and social security for the community through its CSR efforts.

The policy also persists for implementing social – welfare activities in and around the Ircon's project sites in order to cater the concerns of the communities that are affected by our construction activities. This not only benefits the localities but also offer resources for better execution and implementation of the activity to reach out maximum beneficiaries.

In the course of fulfilling its social obligations, Ircon operates to enhance value creation in the society as a whole and particularly in the communities where it works. It plays an active role to promote sustained growth along with a broad objective of improving the quality of life of the people it works with and works for. The CSR initiatives of Ircon have touched the lives of

common people, addressing their most fundamental needs, thus making an impactful difference to their lives.

Ircon has undertaken a multitude of CSR initiatives in diverse domains like promotion of education, promoting gender equality and women empowerment, ensuring environment sustainability, employment enhancing vocational skills and welfare activities for SC/ST/OBCs, minorities and women etc.

The financial year 2017-18 observed a range of CSR initiatives targeting sectors like capacity building, empowerment of communities, inclusive socio-economic growth, environment protection through promotion of green and energy efficient technologies, development of backward regions and up-liftment of the marginalized and under-privileged groups. Apart from these, the following initiatives were taken up during the year:

- Environment protection and sustainability through plantation of more than 31,000 trees in the states of Jammu & Kashmir and Uttar Pradesh and provision of solar lights in Uttar Pradesh & Delhi and provision of safe drinking water facility,
- Health initiatives for Cancer patients, general public through medical camps and promoting health & fitness through gymnasium along with company's perpetual CSR activity of providing medical facilities through our PHCs established at Ramban, J&K; Sivok Rangpo, West Bengal; and Raebareli, Uttar Pradesh.
- Promoting education through various programs in Chhattisgarh, Delhi, Jammu & Kashmir, Maharashtra, Gujarat, Bihar, Himachal Pradesh, Jharkhand and Orissa.
- Enhancing Skills and developing competency through Skill Development Training programs in the states of Jammu & Kashmir, Madhya Pradesh, Chhattisgarh, Punjab, Maharashtra, Delhi and Jharkhand.

Ircon has also been actively working towards sanitation and cleanliness by constructing toilets

(public convenience) for the community, school students and public in general. As a responsible entity, the Company has been also contributing to the National Movements like Swachh Bharat Kosh and Clean Ganga Fund for the developmental growth of the nation.

The following were the notable achievement for the projects undertaken during the year 2017-18, which have been appreciated at various levels:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

AN OVERVIEW

The Company has a long standing reputation as a sectoral leader in Transportation Infrastructure amongst the public sector construction companies in the Country with specialization in execution of Railway Projects on turnkey basis or otherwise. Your Company is known for its quality, commitment and consistency in terms of its performance.

Your Company has executed many landmark construction projects in the last 42 years both in India and abroad. It has actively focused on becoming a diversified infrastructure player, both in terms of sector and geographical coverage. After commencing business as a railway construction company it diversified progressively since 1985 into entire spectrum of construction activities and infrastructure services; Railways and Highway Construction, Tunnels & Bridges, Railway Workshops, EHV sub-station, Railway Electrification, City Power Distribution Network and Signaling & Telecommunication and MRTS being the core competence areas. It has been one of the few construction companies in the public sector to have earned substantial foreign exchange for the Country and paid dividend without fail every year to the Government.

Over the years, the company has extended its operations to other geographies including countries like Algeria, Bangladesh, Iran, Iraq, Malaysia, Nepal, South Africa, Bhutan, Myanmar and Afghanistan. The Company has so far completed more than 127 projects in more than 25 countries across the globe, and more than 380 projects in India. In India, in particular, it has also been undertaking projects even in difficult terrains and disturbed regions. While, the Company already has its presence in many states in India, it intends to further expand its domestic operations across India as part of its business growth model.

Your Company is an ISO certified Company for Quality, Environment, and Occupational Health and Safety Management Systems, a Schedule 'A', and a Mini Ratna – Category I public sector company.

LEGAL STATUS AND AUTONOMY

The Company, a legal entity separate from the Government, is legally, functionally, and financially autonomous, operates under the corporate laws as an independent commercial enterprise, does not receive any

budgetary or financial support from the Government, and is not a dependent agency of the Government. However, the Government of India through the Ministry of Railways and the Department of Public Enterprises under the Ministry of Heavy Industries and Public Enterprises, monitors its performance through a system of Memorandum of Understanding (MOU) as regards targets to be achieved every year as part of accountability to the Parliament in respect of all government companies. Government can issue and does issue guidelines to regulate and bring about some uniform pattern in the functioning of the Company as a public sector enterprise. However, no Government department has any supervisory authority to exercise control over the Company which is managed and run under the superintendence, control, and direction of its Board of Directors as per the Companies Act.

BUSINESS ENVIRONMENT

As per the second advanced estimates released by Central Statistics Officer (CSO), the growth rate of Indian economy is estimated to be 6.7% in 2017-18, which is lower than the growth rate of over 7.1% in 2016-17. Even this lower growth for 2017-18, GDP Growth has averaged 7.3% from the period from 2014-15 to 2017-18 which is the highest among the major economies of the world. The growth has been achieved in the milieu of lower inflation, improved current account balance and reduction in the fiscal deficits to GDP ratio. In addition, introduction of goods & service tax (GST), the year also witnessed the significant steps being undertaken towards resolution of problems associated with non-performing assets of the banks, further liberalization of FDI etc. thus strengthening the momentum of reforms.

India has been ranked 100 (improvement of 30 ranks over its rank of 130) in the World Bank's latest Doing Business Report 2018. Moody's Investors Service has also raised India's rating from the lowest investment grade of Baa3 to Baa2. This is due to a host of measures undertaken by the Government including implementation of GST, Insolvency and Bankruptcy Code, and announcement of bank recapitalization. A number of reforms were undertaken to boost industrial growth including Make in India programme, Start-up India and Intellectual Rights Policy.

The Government has been increasing its investment over time on building infrastructure to support India's long-

term growth. Some of the initiatives of infrastructure development which may yield business opportunities to your Company are given below:

Railways:

Government is taking various initiative for Railways sector which includes prioritizing investments in important areas, viz. dedicated freight corridors, high speed rail, high capacity rolling stock, last mile rail linkages, port connectivity, and attracting private and foreign direct investment.

Apart from these initiatives, Railways infrastructure development have been emphasized. This includes focus on commissioning of new Broad Gauge lines, Doubling, completion of electrification and also providing infrastructure status to Station Development. The station redevelopment has been undertaken through various modes such as Zonal Railways, Indian Railway Stations Development Corporation Ltd. (IRSDC), JV with Smart City SPVs, Railway PSUs and Co-operation with State Government.

Roads:

The Government has taken various measures for providing boost to the road sector, which includes measures such as conversion of State Highways to National Highways; connecting rural roads to main roads through Pradhan Mantri Gram Sadak Yojana (PMGSY). In addition, the Ministry of Road Transport and Highways (MORTH) and National Highways Authority of India (NHAI) have been monitoring the stalled projects and initiated revival of projects by infusion of funds and expediting completion of delayed projects. The government has taken various steps for streamlining of land acquisition & environment clearances, exit for equity investors, premium re-scheduling, revamping of dispute resolution mechanism, frequent reviews at various levels etc.

In order to facilitate implementation of more road projects the Government has introduced and adopted Hybrid Annuity Model (HAM) in addition to Engineering, Procurement and Construction (EPC) mode for execution of the projects. In HAM mode, the capital expenditure is shared by the client and requires lesser amount of funds by the developer during construction years in comparison to projects on EPC mode. More over the risk of tolling is taken by the Government, thus, making the easier availability of funds from the financial institutions. Further, initiatives such as monetization of projects through the Toll-Operate in Transfer model, securitization of toll

revenue, adopting the Infrastructure Investment Trusts route, and other innovative financing options such as LIC, Long Term Pension Funds etc., have been taken up to attract fresh capital from the market on the strength of already operational projects.

An estimated outlay of Rs.5,35,000 crore has been proposed for construction of around 24,800 km road under the Bharatmala Pariyojana for the highways sector. The program aims to achieve optimal resource allocation for a holistic highway development.

In International arena opportunities exist in countries like Malaysia, Bangladesh, Bhutan, Sri Lanka , Iran and African countries.

Present Project Profile:

Presently, Ircan is executing construction of railway line in J&K, Sivok-Rangpo, Jayanagar (India) to Bijalpura (Nepal), Jogbani to Biratnagar, etc.; setting of new rail coach factory at Rae Bareli; doubling projects for Katni Singrauli; Rampur Dumra Tal Rajendrapul, Kiul-Gaya and Hajipur Bachwara; Akhaura-Agartala Rail Link projects; setting up of three electric loco sheds at Bondamunda, Daund and Mughalsarai; Road over Bridges in Bihar and rural roads in Jharkhand under Pradhan Mantri Gram Sadak Yojna (PMGSY); Design and Construction of Civil, Building and Track Works of Vaitarna-Sachin section and JNPT Vaitrana Section of DFC project; Construction of Railway Siding at Nagarnar, in Chhattisgarh and for Darlipali Super Thermal Power project; Re-development of Safdarjung Railway Station; Electrical works under RAPDRP-Part B Project in the State of Jammu & Kashmir and Uttar Pradesh; Katni Grade Separator; Railway Electrification projects for Mathura-Kasganj-Kalyanpur, Katni-Singrauli etc.; Design, Supply, Installation, testing and commissioning of receiving-cum-traction and auxiliary main sub-station for Metro works Rail Corporation Phase-III; development work at NIT, Mizoram; etc.

Your Company has secured road projects from NHAI in the last three years (i.e. 2015-16 to 2017-18) for which three wholly owned subsidiary companies as Special Purpose Vehicles (SPVs) have been incorporated viz. Ircan PB Tollway Limited [for widening and strengthening of the existing Bikaner - Phalodi section of NH-15 on DBFOT pattern in the State of Rajasthan], Ircan Shivpuri Guna Tollway Limited [for four laning of Shivpuri-Guna section of NH-3 on on DBFOT pattern under NHDP Phase-IV in the State of Madhya Pradesh] and Ircan Davanagere Haveri Highway Limited [for six laning of Davangere-Haveri

section on HAM basis in the State of Karnataka].Your Company further secured road project viz. for eight lane Vadodara Kim Expressway from Km 323.00 to Km 355.00 in the State of Gujarat] project from NHAI during the year 2017-18, for which another wholly owned subsidiary company has been incorporated viz. Ircon Vadodara Kim Expressway Limited, after close of the year.

Additionally, the Company is a stakeholder in five SPVs to undertake rail connectivity projects for coal movement. Three such SPVs viz. 'Chhattisgarh East Railway Limited', 'Chhattisgarh East-West Railway Limited' and 'Bastar Railway Private Limited' are in the State of Chhattisgarh; and one each in the State of Odisha and Jharkhand viz. 'Mahanadi Coal Railway Limited' and 'Jharkhand Central Railway Limited' respectively.

Your Company is having active presence in Nepal, South Africa, Algeria, and Bangladesh.

OUTLOOK

The Vision and Mission of the Company are as follows:

A. Vision

To be recognised nationally and internationally as a construction organisation comparable with the best in the field covering the entire spectrum of construction activities and services in the infrastructure sector.

B. Mission

i) To effectively position the Company so as to meet the construction needs of infrastructure development of the changing economic scene in India and abroad.

ii) To earn global recognition by providing high quality products and services in time and in conformity with the best engineering practices.

FINANCIAL PERFORMANCE

The total income of the Company during 2017-18 stood at Rs.4,123 crore as compared to Rs.3,254 crore in 2016-17. About 95% of the total income i.e. Rs.3,896 crore, has arisen from operations, out of which about 15.43% i.e. Rs.601 crore has been contributed by foreign projects.

Operating income from foreign projects has increased by 83.83% over the previous year. The main reason being contribution of turnover by the projects at South Africa, Bangladesh and Algeria. There had been a corresponding increase of 0.33% in Profit before tax from Rs.531.54 crore in 2016-17 to Rs.533.31 crore in 2017-18. STRENGTHS

The Company has rich experience of timely execution of a large number of international projects, especially in developing countries. Its key strengths continue to be impressive financials (reflected in the consistent profitability and healthy balance sheet of the Company), established credentials, and competent manpower. The Company has shown consistent good performance to the satisfaction of its customers.

Your Company has developed some of the best processes and methodologies to provide economic solutions and quality output while meeting tight schedules on the most challenging projects. With its expertise and professional approach to work, your Company has not only widened its horizons of work, but also propelled itself to traverse the physical boundaries of the country. The broad geographical coverage has helped the company to diversify to DBFOT/EPC/HAM/Annuity and other contracts as well as project development and operations through JVs / SPVs. The Company has formed three project specific SPVs for implementation of highway projects in the State of Rajasthan, Madhya Pradesh, and Karnataka.

Additionally, your Company's sustained marketing efforts in open market and expertise available for execution of various highway projects, has resulted in securing project for Eight lane Vadodara – Kim Expressway (Package-II) on HAM basis from National Highways Authority of India (NHAI), in the State of Gujarat for which project specific SPV was formed after close of the year.

OPPORTUNITIES

A number of macro level and sectoral initiatives undertaken to improve economic growth coupled with

revival of interest in the development of infrastructure sector in the last few years in India as well as abroad, particularly in Railway sector, has opened up several opportunities for securing more business. Continuous efforts to develop maximum number of other related and remunerative projects in States of Chhattisgarh, Odisha, and Jharkhand, shall continue to bring more business in the coming years

Over fiscals 2019-2022, CRISIL Research expects the construction sector to increase 54% to Rs.22.2 trillion. Of this about 93% is contributed by infrastructure investments while the rest is from Industrial. This growth in infrastructure investments is driven by government initiatives and budgetary support especially in sectors such as Roads, Irrigation, Urban Infrastructure and Railways. Over the next 4 years, the construction opportunity in Railways is expected to double to Rs.3.1 trillion driven by investments by public as well as private sector especially in Network decongestion, expansion and Safety which account for over half of the total investments in railways during this period. Investments in key segments such as new lines, gauge conversion, doubling, track renewals, and electrification will account for Rs.2.3 trillion (73%) of the construction opportunity during fiscals 2019-2022 with doubling accounting for the highest share at 31% during this period. CRISIL Research also expects the investments in railway sector to increase by about 77% from Rs.3.9 trillion in fiscals 2015-2018 to Rs.6.8 trillion in fiscals 2019-2022.

Your Company has experience in construction of Railways projects, highways and roads in accordance with the international standards, both in India and abroad. With the Government proposing to increase spending in this sector, your Company is having opportunities in the areas of

Metro Rail projects; Construction of National Highways in Indian states in areas such as connectivity of secondary cities, ports and various regions; Connecting habitations with rural roads through Pradhan Mantri Gram Sadak Yojana (PMGSY); Bharatmala Pariyogana for the highways sector; Commissioning of Broad Gauge lines; Stations Redevelopment programme which is envisaged to be done by leveraging commercial development of near the stations;etc.

A large number of high value projects are coming on EPC, DBFOT, HAM, and Annuity basis. Your Company has formed four wholly-owned subsidiaries as SPVs for execution of projects on BOT/DBFOT/HAM basis and holds strategic share in joint venture companies formed for coal connectivity projects in three states of India. With this experience, the Company is geared up to undertake turnkey projects under new project execution models including EPC HAM and Annuity in the Railways and Highways sector. Further, the Company also has a dedicated team to focus on such projects.

On the international front, the commitment of Government of India for new lines of credit amounting to USD 10 billion for Africa and USD 4.5 billion for Bangladesh, would provide opportunities for securing works in countries like Thailand, Ghana, Kenya, Ethiopia, Bangladesh etc. Opportunities also exists for undertaking mega Railway projects on Government to Government basis with Ministry of Transport, Malaysia and Government of Iran.

Adoption of new technology and construction methodology will ensure competitive edge over the competitors and thus would establish credibility and result in enhancement of order value, customer satisfaction and in turn would have impact on the revenues of the company. Company plans to thus train its manpower and take up some of the infrastructure projects which require new/latest technology. In such projects, there will be limited competitiveness and the margins could be high, however due diligence is also desired as the associated risks will also be higher. Particularly the tunneling with TBM and segmental viaduct construction could be the immediate area where Ircan can form JV with International Companies and take up projects in domestic market. Another area could be the civil works of the projects of Nuclear Plant Construction. There are areas where there is requirement of new technology and real professional input which Ircan possess due to its vast repository of experienced people.

CONSTRAINTS

Although every organization has to work within a certain legal framework, the Company as a public sector company faces more constraints (not applicable to private sector companies) which puts it at a disadvantage in a competitive market.

Ircan being a dominant player in the railway infrastructure segment and a significant player in Highways sector, has been able to secure a fair share of business for the Company in the past. However, entry of a large number of players in the railways and highways sector has made it difficult for the Company to compete in Item Rate Contracts. Further, with the Employer(s) diluting the qualification requirement, a sizeable number of contractors are diversifying in the Railway segment thereby increasing the competition for Ircan.

Most of the upcoming private organizations in the infrastructure sector are willing to take higher risk and work at low profits to increase their order book position and capture a wider share of the market, which poses fresh challenges for the Company.

The Company is operating in a highly competitive and price cutting environment of the construction industry where profit margin is diminishing due to increased market competition in the traditional areas of operation. With the changes in the Government policy as well as proposed disinvestment of shares by the Government to be offered to private parties, there is likelihood of reduction of new work orders coming on nomination basis from Indian Railways and other government agencies. Hence, the Company has to prepare itself to expand its footprint in high technology and high value projects like High Speed Railway projects and PPP investment projects.

STRATEGY

The Company strives to be recognized nationally and internationally as a construction organization comparable with the best in the field, covering the entire spectrum of construction activities and services in the infrastructure sector.

The Company is diversifying its areas of operations both sectoral and geographical coverage. It is focused towards strategic business development to sustain and improve its order book position by giving a thrust to its areas of core competence and international business. The Company is focusing on undertaking projects having high order value

and further consolidating its core competence namely, Railways, Highways, Electric sub-stations, S&T, and Railway Electrification. The revenue generation streams of the company are widened with portfolio of BOT/DBFOT/EPC and coal connectively projects undertaken by its subsidiaries and joint venture companies.

Separately, the company plans to continue its strategy to diversify across industry segments and increase orders from foreign countries to capture better profit margins afforded by these projects as compared to domestic projects. Also, while it continues to focus its efforts in the railways sector, through portfolio diversification, it hopes to hedge against risks in specific areas or projects, and protect itself from market variations resulting from business concentration in particular industry sectors and/or limited geographical areas. With increasing experience and success, the company expects to see a steady growth in its business with a rate of expansion comparable to or better than the number of new projects it undertakes.

As a strategy apart from revising the Ircon's strategy for contracts in the infrastructure sector based on the experience of managing large scale project work of PMC (Project Management Consultancy) could be one of the sector where Ircon can leverage its potential. Ircon in past and present have been executing real estate and building projects and thus have requisite experience which can be scaled up over a period of time to act as another business sector. In this respect, as per requirement, strategic tie-ups with Indian and International companies can be taken up to explore the Indian market for the various works of PMC.

The Company is undertaking turnkey projects on BOT / DBFOT basis and is geared up to undertake projects under new project execution model viz. hybrid annuity mode (HAM) introduced by the government.

The Government interest in infrastructure, particularly in the railway sector, has opened up opportunities for the Company to secure more business. The Company is leveraging its established project executing track record and diversifying its infrastructure work expertise into transportation engineering, civil and industrial construction, and other infrastructure projects. With the focused project execution focusing on performance quality and continuing development, the Company is likely to have new business opportunity in the coming years.

Your Company intends to focus on undertaking projects

having a high order value, which consider to be projects above ₹5,000 million. In principle, projects having high order value typically have a smaller percentage of overhead cost as a percentage of total cost and therefore provide a greater potential for profit. In addition, projects having high order value are also, in the current market, subject to less competition. Your Company believes that these pre-qualification requirements make such type of projects an attractive sector to participate. The Company's strategy is to firmly establish it as a player in the market for high value projects by successfully executing the high order value projects on which the Company is currently working so that the advantage of these higher entry barriers can be taken.

RISKS AND CONCERNS

A. Project Risk Management

The Company has a Risk Management Committee of Whole-time Directors, a Rapid Action Group at Chief General Manager / Executive Director (below board) level, business group, and internal audit to ensure its implementation. Risk Management Policy, Risk Management Processes, and MIS reports formats including MIS reports on Risk Management have been evolved in accordance with the Framework. Reports from Rapid Action Group and internal audit are required to be submitted through the Risk Management Committee to the Audit Committee for review.

In India, a major concern in execution of projects is non-availability of encumbrance free land, and delayed approval of drawings and estimate due to which there is a risk of time and cost overruns which are seldom compensated by the client. The revenues generated from the projects are difficult to predict and are subject to variations driven by various factors.

B. Treasury Risk Management

Your Company was assigned a 'CARE AAA' rating by Credit Analysis & Research Limited (CARE) for long-term non-fund based credit facilities and an 'A1+' rating for short-term non-fund based credit facilities in 2008-09 based on BASEL II norms of the Reserve Bank of India. These rating have been re-affirmed in an annual surveillance review by CARE in January 2018.

Ircon conducts its business in various countries and,

therefore, has to deal in foreign currencies. Execution of projects abroad necessitates investing some funds in foreign banks in order to take care of any exigency arising on account of temporary cash flow mismatch. However, dealing in foreign currencies involves foreign exchange risk and the exchange rate may change unfavorably before the currency is exchanged. In order to minimize or eliminate foreign exchange risk, these exchange rate fluctuations are monitored constantly and surplus funds are exchanged / repatriated to India at the appropriate time, and in accordance with the laws. Efforts are made to provide a natural hedge by matching foreign currency inflows and outflows from various foreign projects. Investment guidelines for foreign projects have been formulated to ensure placement of funds with foreign banks in a fair and transparent manner.

INTERNAL CONTROL SYSTEM

A properly designed and consistently enforced system of operational and financial internal control helps a company's board of directors and management safeguard the Company's resources, produce reliable financial reports, and comply with laws and regulations. Effective internal control also reduces the possibility of significant errors and irregularities and assists in their timely detection when they do occur. Your Company has adequate internal control mechanism and an Internal Audit System commensurate with its size and nature of business.

Effective and timely internal communications exist in the Company for enabling management and staff to discharge their internal control and other duties and external communications with concerned parties. The management discloses all financial, budgetary and program information needed for proper understanding of finances and operations about the Company. The Company has in place an organizational chart and a system of delegation of powers. This coupled with robust internal MIS systems, ensures appropriate information flow to facilitate effective monitoring. Adherence to these processes is monitored through internal audits. The frequency of the Internal Audit is linked with the turnover and percentage of completion of the each project.

The internal audit framework provides scope of Internal Audit covering areas from tendering to statutory compliances. The same has been issued for

implementation to internal auditors so as to make the internal audit system more effective and project specific. Projects are closely monitored through online/offline reporting formats and the key performance indices are monitored by the Management on monthly basis in addition to the Departmental inspection by in-house professionals.

The Company has an internal audit system that requires the Internal Auditors to comment on the existence of adequate internal control systems and compliance therewith in addition to the opinion on existence of proper risk assessment and mitigation mechanism. The Internal Auditors are experienced chartered accountant firms which are selected through a transparent selection process, and upon appointment directly report to the Management. This ensures Internal Auditors' independence. Reports of the Internal Auditors are reviewed, compliances are ensured, and synopses of Audit Reports along with compliance are put up by Internal Audit Department for consideration of the Audit Committee.

The Company has in place SAP ECC 6.0 based Finance-Controlling module, no changes are allowed in SAP after the entries are made therein. Enhancement of SAP ERP FI-CO module has been done for improved transparency and financial control and maintaining books of accounts fixed assets, MIS, P&L for all projects. During the year online Annual Performance Appraisal System and Leave application CL/RH system has been developed and launched.

The internal control and audit system are being reviewed periodically by the Management as well as by the Audit Committee, followed up by corrective action, whenever necessary as a part of continuous improvement. A report by a professional agency is in place for further strengthening the Internal Financial Control in Itron. Most of the recommendations of the report are implemented and rest are being implemented for strengthening the Internal Financial Control. A structured Fraud Prevention, Detection, and Control Policy (FPDC Policy) along with a Whistle Blower Policy duly approved by the Board of Directors is in place with facility to make e-complaints in confidence.

HUMAN RESOURCE

The Company aims to achieve the right size and right mix of human resource/ employees for the organization. Since your Company is a project based company, there are

fluctuations in the manpower requirements which are being taken care by recruiting employees on deputation, contract, and service contract. Recruitment strategies have been re-engineered to tune them with the overall strategy of the Company to keep cost of supervision and establishment at optimum level. Training programmes are designed so as to enhance both technical and managerial skills of employees.

The Company offers post superannuation benefits of Contributory Provident Fund, Gratuity, and Post retirement indoor medical benefits through a Medical Trust to all its employees. During the year, your Company organized 2nd Corporate Ircon Inter Project Quiz covering a wide range of topics, as a tool for employee learning and engagement. Further, Ircon started Ircon Corporate Quiz which focused only on Quality and OHSAS compliances and other aspects of the Company.

The total manpower strength as on 31st March 2018 was 1,622 employees. The attrition rate during 2017-18 was 3.15%, with 37 employees leaving the organization.

With an aim to build competency based framework for

managing human resources, training programmes are being identified and customize to align the skills of organisation's human resources with that of the company's present and future needs.

During the year, as a part of employee development, total 2,194 mandays trainings was imparted to the employees. The Company has envisioned an ambitious growth plan for Human Resources for the next few years, and training programs are specially designed for 3-5 days for Senior Management from best Management institute of India like ISB Hyderabad, HBS (India Centre), Mumbai etc.

The succession planning policy of the Company provides an integrated and systematic approach for identifying, developing and retaining employees in line with current and projected business objective. Under succession planning policy of the Company, 29 employees of the level E7 to E9 were considered as succession pool of likely leaders to take up critical roles in future. To groom this pool of potential leaders, special training for leadership and management development at IIM Ahmedabad was provided during the year.

1.	<p>Auditor's Report (Under Emphasis of Matters)</p> <p>i) We draw attention to Note No. 33 to the standalone Ind AS financial statements</p> <p>a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2004-05, 2005-06, 2007-08, 2012-13, 2013-14 and 2014-15. The matters for other assessment years are contested by the company with the concerned authorities.</p> <p>b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly, the company has subsequently paid taxes, however the matter is contested by the company with the concerned authorities.</p>	<p>The position is explained in Note No. 33(a) to the Standalone Financial Statements.</p> <p>The position is explained in Note No. 33(b) to the standalone Financial Statement.</p>
ii)	<p>We draw attention to Note No. 48 to the standalone Ind AS financial statements regarding non-provision of Rs. 4.96 crores towards foreign agency commission/ consultancy charges in respect of projects in three foreign countries pending assessment of the performance.</p>	<p>The position is explained in Note No. 48 to the standalone Financial Statement.</p>
2.	<p>Annexure B to Auditor's Report (Under Internal Financial Controls over Financial Reporting)</p> <p>According to the information and explanations given to us and based on our audit and branch auditor's audit report, the following material weaknesses have been identified as at March 31, 2018.</p>	

Sl. No.	Audit Observations on Standalone Financial Statements.	Management Reply
	<p>(a) The Company has an integrated ERP system for the preparation of the financial statements except in the foreign branches where the company is using “Tally” software instead of integrated ERP system. In the Mumbai region the branch auditor has reported that in one project integrated ERP system was not used, instead software Tally was used for preparation of Financial Statement. The ERP system should have been used at its full potential to have more effective financial control.</p> <p>(b) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further continuous identification system of surplus/ obsolete/ broken assets and material/stores is inadequate and needs to be strengthened.</p> <p>(Under Emphasis of Matters) Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/justifications have been observed for which follow up with client needs to be improved.</p>	<p>Financial accounts of foreign projects and one project in Mumbai Region which have been prepared in “Tally” software has been entered into SAP for compilation of accounts. The ERP system has been updated and the financial statements of Ircan generated from SAP are in sync with the financial statements submitted to Audit. The company proposes to bring all the foreign projects on SAP platform in 2018-19.</p> <p>The capture of inventory records in SAP is under consideration and steps in this direction has been initiated by the management.</p> <p>A system involving close monitoring and proper record maintenance for reductions being effected by the client is in place in all major projects. However, the same shall be extended to cover all projects.</p>

Sl. No.	Audit Observations on Consolidated Financial Statements.	Management Reply
1.	<p>Auditor's Report (Under Emphasis of Matters)</p> <p>i) We draw attention to Note No. 34 to the consolidated Ind AS financial statements</p> <p>a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2004-05, 2005-06, 2007-08, 2012-13, 2013-14 and 2014-15. The matters for other assessment years are contested by the company with the concerned authorities.</p> <p>b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly, the company has subsequently paid taxes, however the matter is contested by the company with the concerned authorities.</p> <p>ii) We draw attention to Note No. 50 to the consolidated Ind AS financial statements regarding non-provision of Rs. 4.96 crores towards foreign agency commission/consultancy charges in respect of projects in three foreign countries pending assessment of the performance.</p>	<p>The position is explained in Note No. 34(a) to the consolidated Financial Statements.</p> <p>The position is explained in Note No. 34(b) to the consolidated Financial Statement.</p> <p>The position is explained in Note No. 50 to the consolidated Financial Statement.</p>
2.	<p>Annexure B to Auditor's Report (Under Internal Financial Controls over Financial Reporting)</p> <p>According to the information and explanations given to us and based on our audit and branch auditor's audit report, the following material weaknesses have been identified as at March 31, 2018.</p>	

Sl. No.	Audit Observations on Standalone Financial Statements.	Management Reply
	<p>(a) The Company has an integrated ERP system for the preparation of the financial statements except in the foreign branches where the company is using “Tally” software instead of integrated ERP system. In the Mumbai region the branch auditor has reported that in one project integrated ERP system was not used, instead software Tally was used for preparation of Financial Statement. The ERP system should have been used at its full potential to have more effective financial control.</p> <p>(b) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further continuous identification system of surplus/obsolete/broken assets and material/stores is inadequate and needs to be strengthened.</p> <p>(Under Emphasis of Matters) Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/justifications have been observed for which follow up with client needs to be improved</p>	<p>Financial accounts of foreign projects and one project in Mumbai Region which have been prepared in “Tally” software has been entered into SAP for compilation of accounts. The ERP system has been updated and the financial statements of Itron generated from SAP are in sync with the financial statements submitted to Audit. The company proposes to bring all the foreign projects on SAP platform in 2018-19.</p> <p>The capture of inventory records in SAP is under consideration and steps in this direction has been initiated by the management.</p> <p>A system involving close monitoring and proper record maintenance for reductions being effected by the client is in place in all major projects. However, the same shall be extended to cover all projects.</p>

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF IRCON INTERNATIONAL LIMITED,

1. Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of IRCON INTERNATIONAL LIMITED ("the Company") which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit & Loss (including Other Comprehensive Income), the Cash Flow statement & the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information in which are incorporated the Returns for the year ended on that date audited by branch auditors of the company's branches at Northern Region, J&K region, Eastern Region, Patna Region, Mumbai Region, South Africa, Algeria, Bangladesh, Sri Lanka & Malaysia Region.

2. Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the State of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us & other auditors in terms of their reports referred to in others matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at March 31, 2018, and its Profit (financial performance including other comprehensive income), its Cash Flow and the changes in equity for the year ended on that date.

5. Emphasis of Matters

- i) We draw attention to Note No. 33 to the standalone Ind AS financial statements
 - a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2004-05, 2005-06, 2007-08, 2012-13, 2013-14 and 2014-15. The matters for other assessment years are contested by the company with the concerned authorities.
 - b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly, the company has subsequently paid taxes, however the matter is contested by the company with the concerned authorities.
- ii) We draw attention to Note No. 48 to the standalone Ind AS financial statements regarding non-provision of Rs. 4.96 crores towards foreign agency commission/ consultancy charges in respect of projects in three foreign countries pending assessment of the performance.

Our report is not qualified in respect of the above matters.

6. Other Matters

- i) We did not audit the financial statements/information of Ten branches included in the standalone Ind AS financial statement of the company whose financial statements/financial information reflect Total Assets of Rs. 6,302.80 Crores as at 31st March 2018, Total Revenues of Rs. 3,793.35 Crores for the year ended on that date, as considered in the standalone Ind AS financial statements. The financial statements/information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosure included in respect of these branches, is based solely on the reports of such branch auditors.
- ii) The financial statements include the company's share in Profit/Loss of unincorporated Joint Venture (JVs) accounts out of which four JVs accounts have been certified by other firms of Chartered Accountants and one JV (IRCON-SPSCPL) has been certified by the management.

Our opinion is not modified in respect of these matters.

7. Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- (2) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our Audit has been received from branches not visited by us.

- c) The reports on the accounts of branch offices of the Company audited under section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
- d) The Balance Sheet, the Statement of Profit & Loss including Other Comprehensive Income, the statement of cash flows and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
- e) In our opinion, the aforesaid Standalone Ind AS financial Statements comply with the Indian Accounting Standard (Ind AS) specified under section 133 of the Act, read with relevant rules issued thereunder.
- f) Being a government company, provision of section 164(2) of the Act are not applicable pursuant to the notification No. G.S.R.463(E) dated 5th June, 2015, issued by the Central Government of India.
- g) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements-Refer Note No.29 of the standalone Ind AS financial statements.
 - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts -Refer Note No.16.3 to the standalone Ind AS financial statements. The Company did not have any derivative contracts for which there were any material foreseeable losses.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(3) As required by Section 143(5) of the Act and as per directions issued by comptroller and Auditor General of India, we report that:

“Annexure A” to the Independent Auditors’ Report of even date on the Standalone Ind AS Financial Statements of Company for the year ended 31st March, 2018

- i. a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets. In Mumbai Region, Tagging/Numbering to be done on certain assets and assets with third parties needs to be confirmed from third party.
- b) The fixed assets were physically verified by the management during the year. There is a regular program of verification, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. No material discrepancies were noticed on such verifications.
- c) The title deeds of immovable properties are held in the name of the Company, except one lease hold building at Pall Hill, documents for the same are yet to be executed in Mumbai Region.
- ii. The inventory has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on comparison of physical verification with book records were not material and have been properly dealt with in the books of account.
- iii. According to the information and explanation given to us by the management and records produced, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, paragraph 3(iii) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, in respect of loans, investments, guarantees and security; the provisions of section 185 and 186 of the Companies Act, 2013 have been complied with.
- v. According to the information and explanations given to us, and as per our examination of records, the Company has not accepted any deposits from public and therefore, the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provision of the Companies Act, 2013, and rules framed there under, are not applicable.
- vi. The Company has maintained cost records as required under section 148(1) of the Companies Act, 2013. However, we are neither required to carry out, nor have carried Out any detailed examination of such accounts and records.
- vii. a. The Company is generally regular in depositing undisputed statutory dues including provident fund, income tax, goods and service tax, sales tax, service-tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable with the appropriate authorities. Employees’ State Insurance is not applicable to the Company. According to the information and explanation given to us, there are no undisputed statutory dues which were outstanding as on 31.03.2018 for a period of more than six months from the date the same become payable.

“Annexure B” to the Independent Auditors’ Report of even date on the Standalone Ind AS Financial Statements of Itron International Limited for the year ended 31st March, 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Itron International Limited “the Company” as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on, “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such

controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit and branch auditor's audit report, the following material weaknesses have been identified as at March 31, 2018.

- (a) The Company has an integrated ERP system which was not used at its full potential. In the foreign projects the company has not used ERP system for the preparation of financial accounts instead software "Tally" was used for the same. In the Mumbai region the branch auditor has reported that integrated ERP system is not used to its fullest potential and in one project software tally was used for preparation of Financial Statement. The ERP system should have been used at its full potential to have more effective financial control.
- (b) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further continuous identification system of surplus/obsolete/broken assets and material/stores is inadequate and needs to be strengthened.

A material weakness' is a deficiency, or a combination of deficiencies in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/ possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, "based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Emphasis of Matter

Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/ justifications have been observed for which follow up with client needs to be improved.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to a branches/Region, is based on the corresponding report of other auditors.

1. Corporate Information

Itron International Limited is a public sector construction company domiciled in India (CIN :U45203DL1976GOI008171) and is incorporated under the provisions of the Companies Act applicable in India with specialization in execution of Railway projects on turnkey basis and otherwise. After commencing business as a railway construction company it diversified progressively to roads, buildings, electrical substation and distribution, airport construction, commercial complexes, as well as metro rail works. The Company caters to both domestic and international markets. The Company is an ISO certified Company for Quality, Environment and Occupational Health and Safety Management systems; a Schedule 'A' public sector company and a Mini Ratna-Category I. The registered office of the company is located at C-4, District Centre, Saket, New Delhi- 110017.

2. Significant Accounting Policy under Ind AS (Standalone)

(i). Basis of Preparation

a) Statement of Compliance

The financial statements as at and for year ended March 31, 2018 have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and as amended.

b) Basis of Measurement

The financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- i. Defined benefit Plan and other long term employee benefits
- ii. Certain financial assets and liabilities measured at fair value.
- iii. Provisions as per para (x) (D) below, where time value of money is material.

c) Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application

of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of revenue and expenses. Actual results may differ from these estimates.

Key accounting estimates:

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Provisions – At each balance sheet date on the basis of the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Revenue – The Company recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which require assessments and judgements to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

Property, plant and Equipment – Property, plant and Equipment represent a significant proportion of the asset base of the company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognized in the period in which the results are known /materialize.

- d) All financial information presented in Indian rupees and all values are rounded to the nearest crore rupees with two decimal points except where otherwise stated.

(ii). Statement of Cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(iii). Foreign Currency Transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. (i.e. Functional Currency). The financial statements are presented in Indian rupees, which is the presentation as well as Functional currency of company.

(a) Transactions of Indian operations:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- ii. Property, plant and Equipment, intangibles, investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.
- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing closing selling rates for Liabilities and closing buying rate for Assets, at each reporting date.
- iv. Foreign Exchange Gains or Losses in respect of above transactions are recognized in Statement of profit and loss.

(b) Transactions of Foreign operations:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- ii. Property, plant and Equipment, intangibles, investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.
- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings

and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing closing selling rates for Liabilities and closing buying rate for Assets, at each reporting date.

- iv. Foreign Exchange Gain or Losses in respect of above transactions are recognized in Statement of profit and loss.

The result and financial position of foreign operation that have a functional currency different from the presentation currency are translated in to presentation currency as follows.

- i. Assets/Liabilities - Closing selling rates for Liabilities and closing buying rate for Assets on the reporting date.
- ii. Income/Expenses – Average exchange rate during the year.
- iii. Exchange differences on translation of functional currency to presentation currency are – recognised in OCI (Other comprehensive income)
- iv. On disposal of Foreign Operation (on realization of complete receivables from client) transfer the component of OCI (Other comprehensive income) to profit or loss relating to respective foreign operation.

(iv). Property, plant and equipment

1. Freehold land is carried at historical cost. Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any.
2. The machinery spares which can be used only in connection with an item of Property, Plant and Equipment and whose use is expected to be irregular are capitalized & depreciated/amortized over the balance life of such Property, Plant and Equipment.
3. Subsequent cost relating to property, plant & equipment shall be recognized as an asset if:
 - a) it is probable that future economic benefits associated with the items will flow to the entity; and
 - b) the cost of the item can be measured reliably.
4. Cost of asset includes the following
 - i. Cost directly attributable to the acquisition of the assets

- ii. Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.
 - iii. Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.
5. Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.
 6. An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement.
 7. Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress. Expenses directly attributable to project, prior to commencement of commercial operation, are considered as project development expenditure and shown under Capital Work-in-Progress.

Depreciation

- (a) Depreciation on Property, plant and Equipment is provided on Straight Line basis (SLM) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.
- (c) The estimated useful life of assets for current period of significant items of property plant and equipment are as follows:

Particulars	Useful Life (yrs.)
Building/flats residential/non-residential	60
Plant and Machinery	8-15
Survey instruments	10
Computers	3-6
Office Equipment's	5
Furniture and fixtures	10
Caravans, Camps and temporary shed	3-5
Vehicles	8-10

- (d) Leasehold land and improvements are amortized over the lower of estimated useful life and lease term.
- (e) Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.
- (f) Property plant and equipment acquired during the year, individually costing up to Rs. 5000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to revenue irrespective of its value.

(v). Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any.

Amortization of Intangible Assets

- (a) Intangible assets are amortized over their respective estimated useful lives on a straight- line basis from the date that they are available for use.

The estimated useful life of intangibles is as follows:

Intangible Assets	Useful Life	Internally generated or self-generated
Software	Finite (36 months)	Acquired

- (b) Amortization methods, useful lives and residual values are reviewed at each reporting date.
- (c) Software cost up to Rs. 1 Lakhs in each case is fully amortized in the year of purchase, by keeping Rs. 1 as token value for identification.

(vi). Investment properties

- a) Investment property comprises completed property, property under construction and property held under a finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.
- b) Investment Properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.
- c) The company depreciates building component of investment property over 60 years from the date of original purchase/completion of construction.
- d) Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

(vii). Investments in subsidiaries and Joint Arrangements

a) Investment in Subsidiaries

Investments in subsidiaries are accounted for at cost.

b) Joint Arrangement

Investment in joint arrangement are classified as either Jointly controlled operations under work sharing arrangement (joint operation) or Contracts executed by jointly controlled entity (joint ventures). The classification depends on the contractual rights and obligations of each JV partner rather than the legal structure of the joint arrangement. Company has both joint ventures and joint operations.

i) Joint Operations

Company recognises its direct right to the assets, liabilities, revenue and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenue and expenses.

ii) Joint Venture

Income on investments is recognized when the right to receive the same is established. Investment in such joint ventures is carried at cost in separate financial statements.

(viii). Inventories

(a) Construction Work in Progress

Construction work-in-progress is valued at cost till such time the outcome of the job cannot be ascertained reliably and at realizable value thereafter. Site mobilization expenditure to the extent not written off valued at cost.

(b) Others

- (i) In Cost Plus contracts, the cost of all materials, spares and stores not reimbursable as per the terms of the contract is shown as inventory valued as per (III) below.
- (ii) In Item Rate and Lump Sum Turnkey contracts, the cost of all materials, spares (other than capitalized) and stores are charged to Statement of Profit and Loss in the year of use.
- (iii) Inventories are valued at lower of the cost arrived at on First in First out (FIFO) basis and net realizable value.
- (iv) Loose tools are expensed in the year of purchase.

(ix). Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise of cash at bank, cash in hand, other short term deposits with banks with an original maturity of three months or less and highly liquid investments, that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value and Bank overdraft.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term bank deposits etc., as defined above, net of outstanding bank overdrafts since they are considered integral part of the company's cash management.

(x). Provisions

A- Provision for Maintenance

- a) In Cost Plus contract, no provision for maintenance is required to be made where cost is reimbursable.
- b) Item Rate and Lump Sum turnkey contracts, provision is made for maintenance to cover company's liability during defect liability period keeping into consideration the contractual obligations, the obligations of the

sub- contractors, operating turnover and other relevant factors.

- c) Provision for unforeseen expenditure during design guarantee period is made based on risk perception of management in each contract assessed at the end of each financial year. This shall, however, be subject to a minimum of Rs. 50 lakhs and maximum of the amount of Design guarantee specified in Contract Agreement with the Client.

B- Provision for Demobilization

Provision for demobilization to meet the expenditure towards Demobilisation of Manpower and Plant & Equipment is made in foreign projects.

C- Others

Provision is recognized when:

- i) The Company has a present obligation as a result of a past event,
- ii) A probable outflow of resources is expected to settle the obligation and
- iii) A reliable estimate of the amount of the obligation can be made.

Reimbursement of the expenditure required to settle a provision is recognised as per contract provisions or when it is virtually certain that reimbursement will be received. Provisions are reviewed at each Balance Sheet date.

D- Discounting of Provisions

Provision recognised as per above point a, b and c which expected to be settled beyond 12 months are measured at the present value by using pre-tax discount rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

(xi). Revenue Recognition

(a) Contract Revenue Recognition

Contract revenue is measured at the fair value of the consideration received or receivable recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Depending on the nature of contract, revenue is recognized as under-

- i) In cost plus contracts, revenue is worked out by including eligible items of expenditure in the bills raised on the clients and charging specified margin thereon.
- ii) In fixed price contracts, revenue is recognized using the percentage of completion method. The percentage of completion is determined as a proportion of cost incurred of work certified up to the reporting date to the total estimated cost of the contract.
- iii) When it is probable that total contract cost exceeds total contract revenue, the expected loss shall be recognized as an expense immediately. Claims/Arbitration Awards (including interest thereon) which are granted in favour of the Company, being in the nature of additional compensation under the terms of the contract are accounted as contract revenue when they are granted and where it is certain to realize the collection of such claims/awards.

Revenue does not include Sales Tax/VAT/WCT/Service/GST Tax etc.

b) Other Revenue Recognition

- i) Dividend income is recognized when the right to receive payment is established.
- ii) Interest income is recognized taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.

(xii). Leases

a) Company as a lessee

Finance Lease: -

- (i) that transfers substantially all the risks and rewards incidental to ownership of an asset
- (ii) are capitalised at lease inception at lower of fair value or present value of minimum lease payment
- (iii) payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.
- (iv) Finance charges are recognised in finance costs in the statement of profit and loss.
- (v) Depreciated over the useful life of the asset. However, if there is no reasonable certainty to

obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating Lease: -

- (i) is classified as operating lease when significant portion of the risk and rewards are not transferred to the company.
- (ii) payments are charged to profit and loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

b) Company as a lessor

Finance Lease

- (i) is recognised when substantially all of the risks and rewards of ownership transfer from the company to the lessee.
- (ii) Payment due are recorded as receivables at the company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Operating Lease

- (i) are the leases in which the company does not transfer substantially all the risks and rewards of ownership to the lessee.
- (ii) incomes are recognized as income in the statement of profit & loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

(xiii). Liquidated Damages and Escalations

- (i) Liquidated damages/penalties (LD) due to delays arising out of the contractual obligations and provisionally withheld from contractors/under dispute are adjusted against contract cost only on final decision in this regard. However, LD recovered/withheld by client is accounted for on recovery/withholding & adjusted against contract revenue. Possible Liquidated Damages in cases where extension is granted by the client subject to their right for levy of

penalty is shown as contingent liability.

- (ii) Escalation receivable/payable is accounted for as per the provisions of the contract. Escalation receivable but not certified before close of project accounts is included in work-in-progress.

(xiv). Research and development Expenses

1. Research costs are expensed as incurred.
2. Development expenditures on an individual project are recognised as an intangible asset when the company can demonstrate:
 - The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
 - Its intention to complete and its ability and intention to use or sell the asset
 - How the asset will generate future economic benefits
 - The availability of resources to complete the asset
 - The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

(xv). Mobilization Expenses

The initial contract expenses on new projects for mobilisation will be recognised as construction work in progress in the year of incidence, and pro rata charged off to the project over the years at the same percentage as the stage of completion of the contract as at the end of financial year.

(xvi). Impairment of non-financial assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and

impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. At each reporting date company assesses the estimate amount of impairment loss. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount and such losses either no longer exists or has decreased. Reversal of impaired loss is recognized in the Statement of Profit & Loss. For the purpose of assessing impairment, assets that cannot be tested individually are grouped in to the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets (the cash-generating units).

(xvii). Borrowing Cost

Borrowing cost in ordinary course of business are recognized as expense of the period in which they are incurred. Borrowing cost that is directly attributable to acquisition, construction or production of a qualifying asset is capitalized as part of the cost of such assets upto the commencement of commercial operations.

(xviii). Employee Benefits

a) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid for the services rendered are recognized as an expense during the period when the employees render the services.

b) Post-employment benefits & other Long Term Employee Benefits

- (i) Retirement benefits in the form of provident fund and pension fund are defined contribution schemes. The contributions to the provident fund trust and pension trust are charged to the statement of Profit and loss for the year when the contributions are due.
- (ii) The company has Defined benefit plans like Gratuity, LTC and other retirement benefits.
- (iii) The Company has created a Trust for Gratuity. The cost of providing benefit is determined on the basis of actuarial valuation using the projected unit credit method at each year-end and is charged to the Statement of Profit & Loss.

- (iv) Provision for Defined benefit plans is made based on actuarial valuation at the year end and Actuarial gains or losses are recognized through Other Comprehensive income.
- (v) Post-retirement Medical benefits are made based on actuarial valuation or amount available for contribution, whichever is less.
- (vi) Other long term employee benefit includes leave encashment. Actuarial gains or losses on other long term employee benefits are recognized through statement of profit & loss.
- (vii) Re-measurements of the net defined benefit liability (asset) recognized in other comprehensive income shall not be reclassified to profit or loss in a subsequent period.

(xix). Taxes

a) Current income tax

- (i) Taxes including current income-tax are computed using the applicable tax rates and tax laws.
- (ii) The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.
- (iii) Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided / paid as and when assessments are completed.
- (iv) Current tax related to OCI Items is recognized in Other Comprehensive Income (OCI).

b) Deferred tax

- (i) Deferred income tax is recognized using balance sheet approach.
- (ii) Deferred income tax assets and liabilities are recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
- (iii) Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

- (iv) The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.
- (v) Deferred tax related to OCI Item is recognized in Other Comprehensive Income (OCI).

(xx). Operating Segment

Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker. Accordingly, the Company has identified two reporting segments viz. Domestic & International.

(xxi). Earnings Per Share

In determining basic earnings per share, the company considers the net profit attributable to equity shareholders. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. In determining diluted earnings per share, the net profit attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(xxii). Contingent Liabilities and Contingent Assets

(a) Contingent Liabilities are disclosed in either of the following cases:

- i) A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or
 - ii) A reliable estimate of the present obligation cannot be made; or
 - iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent assets is disclosed where an inflow of economic benefits is probable.
 - (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date.
 - (d) Contingent Liability is net of estimated provisions considering possible outflow on settlement.

(xxiii). Fair Value Measurement

Company measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At the reporting date, the Company analyses the

movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Company also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xxiv). Dividend to equity holders

Dividend paid/payable shall be recognized in the year in which the related dividends are approved by shareholders or board of directors as appropriate.

(xxv). Financial instruments

A. Initial recognition and measurement

Financial Instruments recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial instruments.

B. Subsequent measurement

B.1 Financial Assets

Financial assets are classified in following categories:

a). Debt instruments at Amortised Cost

Debt instrument shall be measured at amortised cost if both of the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and
- (b) The contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are measured at amortised cost using effective interest rate method less impairment, if any. The EIR amortisation is included in finance income in the statement of profit and loss.

Following financial assets are measured at amortised cost: -

- (i) Trade receivable
- (ii) Security deposit
- (iii) Retention money
- (iv) Money held with client
- (v) Cash and cash equivalent
- (vi) Loan and advances
- (vii) Investment in Tax free bonds

b). Debt instruments at Fair value through Other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the **Fair value through other comprehensive income** if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent solely payment of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

c). Debt instruments at fair value through Profit & Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instruments, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the company may elect to designate a debt instruments, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of P&L.

B.2 Financial liabilities

a) Financial liabilities at Amortised Cost

Financial liabilities at amortised cost represented by trade and other payables, security deposits and retention money are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest rate method.

b) Financial liabilities at FVTPL

The company has not designated any financial liabilities at FVTPL.

C. De-recognition

Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of Profit & Loss.

D. Impairment of financial assets:

Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

(xxvi). Non-current Assets (or disposal groups) held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale. Assets classified as held for sale/ distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 "Non-current Assets Held for Sale" are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

(xxvii) Financial guarantees

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

(iii) Financial risk management

The Company's principal financial liabilities comprise borrowings, trade and other payables. The Company's principal financial assets include loans to related parties, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds investment in mutual funds and tax free bonds. The Company's activities expose it to some of the financial risks: market risk, credit risk and liquidity risk.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign Currency Risk and Interest rate risk. Financial instruments affected by market risk includes borrowings, trade receivables, trade payable and other non derivative financial instruments.

(i) Foreign Currency Risk

The company operates internationally and is exposed to insignificant foreign currency risk (since receipts & payments in foreign currency are generally matched) arising from foreign currency transactions, primarily with respect to the US \$, EURO, YEN, BDT, DZD, LKR, MZN, BTN, ZAR, NPR and MYR. Significant foreign currency risk of company are naturally hedged. As of March 31, 2018 and March 31, 2017, every 1% increase or decrease of the respective foreign currency would impact our profit before tax by approximately Rs. 0.70 crore and Rs. 2.63 crore respectively."

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The company manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes tax free bonds and deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is fixed for the period of financial instruments. Also, the Company does not have any interest risk on loans / borrowings as it bears fixed rate of interest.

b) Credit risk

The Group's customer profile include Ministry of Railways, public sector enterprises, state owned companies in India and abroad. Accordingly, the Group's customer credit risk is low. The Group's average project execution cycle is around 24 to 36 months. General payment terms include mobilisation advance, monthly progress payments with a credit period ranging from 45 to 60 days and certain retention money to be released at the end of the project. In some cases retentions are substituted with bank / corporate guarantees. The Group has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

The following table gives details in respect of percentage of revenues generated from top five projects. (Rs. in crore)

c) Liquidity risk

The Company manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. The treasury department regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The Company's investment policy and strategy are focused on preservation of capital and supporting the Company's liquidity requirements. The senior Management of the Company oversees its investment strategy and achieve its investment objectives. The Company typically invests in government of India debt bonds and mutual funds. The policy requires investments generally to be investment grade, with the primary objective of minimising the potential risk of principal loss.

The NHAI bonds bear a fixed rate of interest thus they are not affected by the change in bond yield rates and the mutual funds are highly liquid assets which are paid out monthly and re-invested.

The table below provides details regarding the significant financial liabilities as at 31 March 2018 and 31 March 2017 (Rs. in crore)

43. Disclosure under Ind AS-19 on Employee benefits

Provident Fund

The Company pays fixed contribution of Provident Fund at a pre-determined rate to a Separate trust, which invests the funds in permitted securities. The trust is required to pay a minimum rate of interest on contribution to the members of the trust. The amount available in the fund including the returns on investment is greater than the obligation of the company. During the year, the Company has contributed **Rs. 11.81 crore** (Rs.10.84 crore) to the trust.

Gratuity

The Company has implemented IRCON Employees Group Gratuity Scheme to provide financial assistance to the employees of the Company as a social security measure on the termination of their employment due to superannuation, retirement, resignation, physical incapacitation or death. The scheme is managed by a Separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Funds of the Trust are managed by LIC of India. As at 31.03.2018, a liability of **Rs. 14.34 crore** has been booked in the books of accounts based on the actuarial valuation.

Pension

The Company has implemented IRCON Defined Contribution Superannuation Pension Scheme, 2009 i.e. 01.04.2009, for all regular employees drawing pay in IDA scale who would complete 15 years of service in the Company (including service in other CPSEs) upto normal retirement date. The scheme is managed by a Separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Company's share of contribution amounting to **Rs. 6.32 crore** for the period from 01.04.2017 to 28.02.2018 has been paid and accounted for during the year 2017-18. Liability for the month of March 2018 of **Rs. 0.77 crore** (Rs.0.51 crore) has been provided in the books of accounts.

Post-Retirement Medical Facility (PRMF)

The Company had established an irrevocable trust by initial one-time contribution of Rs. 12 crore during the year 2000-01 for providing annuity, medical and other benefits to the spouse of employees who die in harness as also the medical benefits to the employees (and spouse) who superannuate from the Company. This being a voluntary welfare measure, the Company is not liable for providing such benefits to its employees. However, Company has also kept provision of **Rs. 12.81 crore** (Rs.8.32 crore), based on the decision of management.

Leave Encashment

The liability towards encashment of leave as per rules of the Company is recognised on the basis of actuarial valuation except for employees posted in foreign projects. Since, the foreign assignments are treated as dies - non, liability for those employees is provided in the books on accrual basis as the amount is payable to employee on repatriation.

Leave Travel Concession (LTC)

The company has made a provision in respect of leave travel concession (LTC) on the basis of actuarial valuation in accordance with IND AS-19.

Other Retirement Benefits

Other retirement benefits include settlement at home-town or to the place where he or his family intends to settle in India including Baggage Allowance. The liability on this account is recognized on the basis of actuarial valuation.

Effect of dilution:		
Weighted average number of Equity shares adjusted for the effect of dilution*	9,76,97,259	9,89,80,000

*The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year. There have been no other transactions involving equity shares or potential equity shares between the reporting date and the date of authorization of these financial statements.

48. The Company has engaged agents/consultants to secure contracts and provide other services for foreign projects, being implemented in three countries. Pending assessment of services provided by the agent/consultants, the company has not accounted for expenses aggregating to **Rs. 4.96 crore** (Rs 3.80 crore), comprising of **Rs 1.16 crore** (Rs 1.36 crore) during financial year 2017-18.

49. Financial Guarantee

The Company has issued financial guarantee (undertaking) to Punjab National Bank on behalf of and in respect of term loan facility availed by joint venture company, Itron Soma Tollway Private Limited (ISTPL), to make good 50% of total shortfall in the dues, if any, in the event of termination of the concession agreement. Loan outstanding as on 31.03.2018 is Nil (Rs.63.07 crore). The said financial guarantee has been recognised as per Ind-As 109. The ISTPL has repaid the loan amount during the current period.

50. In one of the projects under Northern Region, provision in respect of legal expenses amounting to **Rs 11.52 crore** has not been provided in the accounts based on legal opinion that the liability is primarily not of the company.

51. During the financial year 2017-18, based on Expert opinion taken by management it was decided that the effects of discounting security deposit with client and contractor, Retention money with client and contractor and money withheld with client and contractor was not material for the preparation and presentation of financial statements. Ind AS 8- "Accounting Policies, Changes in Accounting Estimates and errors" allows that the policies specified by Ind AS need not to be applied when the effect of applying them is immaterial. Hence, it has been decided to discontinue discounting the same, consequently in the current year the carrying value of the financial liabilities have been increased by **Rs. 48.70 crore**, financial assets have been increased by **Rs. 6.45 crore**, non-financial liabilities have been decreased by **Rs. 42.70 crore** and non-financial assets have been decreased by **Rs. 6.24 crore**. The resultant net impact on current year's Profit and Loss is amounting to **Rs. 0.80 crore**, which is not considered as material for the preparation and presentation of financial statements.

52. Events occurring after Reporting period

Refer to Note 14 for the final dividend recommended by the directors which is subject to the approval of shareholders in the ensuing meeting.

53. Standards issued but not effective for the financial year 2017-18

IND AS 115 Revenue from Contracts with Customers:

The Ministry of Corporate Affairs notified IND AS -115 " Revenue from contracts with Customers" in respect of accounting periods commencing on or after 1 April 2018, superseding IND AS – 11 "Construction Contracts" and IND AS-18 "Revenue".

The company's current revenue recognition policy is broadly aligned to the principles enunciated in IND AS -115 and does not require any material change. The management is in the process of evaluating IND AS -115 and does not expect any material impact on the company's financial position as at 31 March 2018 and on the financial results of the company in the first year of implementation viz. financial year commencing on 1 April 2018.

54. Certain prior periods amounts have been reclassified for consistency with the current period presentations. These reclassifications have no effect on the reported results of operations.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF IRCON INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2018.

The preparation of financial statements of **IRCON INTERNATIONAL LIMITED** for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139 (5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 03 August 2018.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **IRCON INTERNATIONAL LIMITED** for the year ended 31 March 2018 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143 (6) (b) of the Act.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF IRCON INTERNATIONAL LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **IRCON INTERNATIONAL LIMITED ("the Holding Company")**, its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its jointly controlled entities, which comprising of the Consolidated Balance Sheet as at **March 31, 2018**, the Consolidated Statement of Profit and Loss (Including other comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated Ind AS financial statements').

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder. The respective Board of Directors of the companies included in the Group and of its jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of

the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Holding Company's Board of directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other Matter's paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at March 31, 2018, and its Profit (financial performance including other comprehensive income), its Cash Flow and the changes in equity for the year ended on that date.

Emphasis of Matters

- i) We draw attention to Note No. 34 to the consolidated Ind AS financial statements
 - a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2004-05, 2005-06, 2007-08, 2012-13, 2013-14 and 2014-15. The matters for other assessment years are contested by the company with the concerned authorities.
 - b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly, the company has subsequently paid taxes, however the matter is contested by the company with the concerned authorities.
- ii) We draw attention to Note No. 50 to the consolidated Ind AS financial statements regarding non provision of Rs. 4.96 crores towards foreign agency commission/ consultancy charges in respect of projects in three foreign countries pending assessment of the performance.

Our report is not qualified in respect of the above matters.

information reflect Total Assets of Rs. 6302.80 Crores as at 31st March 2018, Total Revenues of Rs. 3,793.35 Crores for the year ended on that date, as considered in the consolidated Ind AS financial statements. The financial statements/information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosure included in respect of these branches, is based solely on the reports of such branch auditors.

- ii) We did not audit the financial statements/financial information of four subsidiaries and eleven jointly controlled entities, whose financial statements/ financial information reflect Total Assets of Rs. 4,160.38 Crores as at 31st March 2018, Total Revenues of Rs. 932.97 Crores and net cash flows amounting to Rs. (425.39) Crores for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements/ financial information have been audited by other auditors whose financial statements/ financial information have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements in so far as it relates to the amounts and disclosure included in respect of these subsidiaries, jointly controlled entities and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries & Jointly controlled entities, is based solely on the reports of the other Auditors.
- iii) We did not audit the financial statement/information of one jointly controlled entities, whose financial statements/financial information reflect total assets of Rs. 3.06 Crores as at 31st March, 2018, total revenues of Nil and net cash flows amounting to Rs. 0.10 Crores for the year ended on that date, as considered in the consolidated Ind As financial statements. These financial statements/financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosure included in respect of this jointly controlled entities, and our report in terms of sub-section (3) and (11) of section 143 of the Act, in so far as it relates to the aforesaid jointly controlled entities, is based solely on such unaudited financial statements/financial information. In our opinion and

according to the information and explanations given to us by the management, these financial statements/ financial information certified by the management.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal & Regulatory Requirements

“Annexure A” to the Independent Auditor’s Report of even date on the Consolidated Ind AS Financial Statements of IRCON INTERNATIONAL LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **IRCON INTERNATIONAL LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and its Jointly controlled entities as of March 31, 2018 in conjunction with our audit of the consolidated Ind AS financial statements of the Group and its jointly controlled entities for the year ended on that date. We did not audit the internal financial controls over financial reporting of its four-subsidary companies and eleven jointly controlled entities, as of that date. The Financial information of one jointly controlled entity is unaudited and certified by the management, we are unable to comment on the adequacy and operating effectiveness of Internal Financial Controls Over Financial Reporting under section 143(3)(l) of the Act in respect of that jointly controlled entity.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company’s and its subsidiary company and jointly controlled company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and its subsidiary company and jointly controlled company which are companies incorporating in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the

Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report, is sufficient and appropriate to provide a basis for our qualified and unqualified audit opinion respectively on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Holding company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are

recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the Holding company's assets that could have a material effect on the consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit and other auditor's audit report, the following material weaknesses have been identified as at March 31, 2018.

- (a) The Company has an integrated ERP system for the preparation of financial statements except in the foreign branches where the company is using "Tally" software instead of integrated ERP system. In the Mumbai region the branch auditor has reported that in one project integrated ERP system was not used, instead software Tally was used for preparation of Financial Statements. The ERP system should have been used at its full potential to have more effective financial control.
- (b) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further continuous identification system of surplus/obsolete/broken assets and material/stores is inadequate and needs to be strengthened.

A material weakness' is a deficiency, or a combination of deficiencies in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/possible effect of material weaknesses described above on the achievement of the objective of the control criteria and subject to the other matter paragraph given below, the Holding Company and its subsidiary companies and jointly controlled entities, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India as it appears from our examination of the books and records of the Holding company and the reports of the other auditors in respect of entities audited by them and representation received from the management for entities un-audited.

Emphasis of Matter

Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/justifications have been observed for which follow up with client needs to be improved.

Other Matters

Our aforesaid report Section 143(3)(I) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it relates to four audited subsidiary companies and eleven jointly controlled entities, is based on the corresponding reports of the other auditors and insofar it relates to one jointly controlled entities is based on the representation received from management (also refer paragraph on Other Matters of the Independent Auditors' Report above), our opinion is not qualified in respect of this matter.

SIGNIFICANT ACCOUNTING POLICY

Group Information

The Consolidated financial statements comprise financial statement of **Ircan International Limited (the Holding Company) and its subsidiaries & Joint Ventures** (collectively referred to as “the Group”) for the year ended **31 March 2018**. The Holding Company is a public sector construction Company domiciled in India and is incorporated under the provision of companies Act, with specialization in execution of Railway projects on turnkey basis and otherwise. The Holding Company is an ISO certified Company for Quality, Environment and Occupational Health and Safety Management systems; a Schedule ‘A’ public sector Company and a Mini Ratna-Category I. After commencing business as a Railway construction company it diversified progressively along with its subsidiaries and Joint Ventures (“the Group”) to roads, buildings, electrical substation and distribution, airport construction, commercial complexes, as well as metro rail works. The Group caters to both domestic and international markets. The registered office of the Holding Company is located at Plot no. C - 4, District Centre, Saket, New Delhi -110017, India.

The financial statements were authorized for issue in accordance with a resolution of the Board of directors on dated 3rd August, 2018.

2. Significant Accounting Policy under Ind AS (Consolidated)

(i). Basis of Preparation

a) Statement of Compliance

These consolidated financial statements as at and for year ended March 31, 2018 have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and as amended.

b) Basis of Measurement

These consolidated financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- i. Defined benefit Plan and other long term employee benefits

- ii. Certain financial assets and liabilities measured at fair value.
- iii. Provisions as per para 11 (D) below, where time value of money is material.

C) Use of estimates and judgment

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of revenue and expenses. Actual results may differ from these estimates.

Key accounting estimates:

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Provisions – At each balance sheet date on the basis of the management judgment, changes in facts and legal aspects, the group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Revenue – The Holding Company recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which require assessments and judgements to be made on changes in work scopes, claims (compensation, rebates etc.) and other payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the Group used the available contractual and historical information.

Property, plant and Equipment – Property, plant and Equipment represent a significant proportion of the asset base of the group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the

expected residual value at the end of its life. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognized in the period in which the results are known /materialize.

- d) The consolidated financial statements are reported in Indian rupees and all values are rounded to the nearest crore rupees with two decimal points except where otherwise stated.

(ii). Basis of Consolidation

i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The consolidated financial statements of Itron International Limited and its subsidiaries have been consolidated on a line-by-line basis by adding together the book value of the like items of assets, liabilities, income and expenses, after eliminating intra-group balances and unrealized profits/losses on intra-group transactions, Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the

control is lost. Any resulting gain or loss is recognised in profit or loss.

ii) Joint Arrangement

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. Itron International Limited has both joint operations and joint ventures.

(a) Joint operations

Group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the standalone financial statements under the appropriate headings.

(b) Joint ventures

Interests in joint ventures are accounted for using the equity method (see 2(iii)), after initially being recognised at cost in the consolidated balance sheet.

iii) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the group and its joint ventures are eliminated to the extent of the group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure

consistency with the policies adopted by the group.

The carrying amount of equity accounted investments is tested for impairment in accordance with the policy of impairment.

(iii). Statement of Cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the group are segregated based on the available information.

(iv). Foreign Currency Transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the group operates. (i.e Functional Currency). The financial statements are presented in Indian rupees, which is the presentation as well as Functional currency of the group.

(a) Transactions of Indian operations:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- ii. Property, plant and Equipment, intangibles, investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.
- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing **closing selling rates for Liabilities and closing buying rate for Assets**, at each reporting date.
- iv. Foreign Exchange Gains or Losses in respect of above transactions are recognized in Statement of profit and loss.

(b) Transactions of Foreign operations:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- ii. Property, plant and Equipment, intangibles,

investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.

- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing **closing selling rates for Liabilities and closing buying rate for Assets**, at each reporting date.
- iv. Foreign Exchange Gain or Losses in respect of above transactions are recognized in statement of profit and loss.

The result and financial position of foreign operation that have a functional currency different from the presentation currency are translated in to presentation currency as follows.

- i. Assets/Liabilities - **Closing selling rates for Liabilities and closing buying rate for Assets** on the reporting date.
- ii. Income/Expenses – Average exchange rate during the year.
- iii. Exchange differences on translation of functional currency to presentation currency are – recognised in OCI (Other comprehensive income)
- iv. On disposal of Foreign Operation (on realization of complete receivables from client) transfer the component of OCI (Other comprehensive income) to profit or loss relating to respective foreign operation.

(v). Property, plant and equipment

1. Freehold land is carried at historical cost. Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any.
2. The machinery spares which can be used only in connection with an item of Property, Plant and Equipment and whose use is expected to be irregular are capitalized & depreciated/amortized over the balance life of such Property, Plant and Equipment.
3. Subsequent cost relating to property, plant & equipment shall be recognized as an asset if:
 - a) it is probable that future economic benefits associated with the items will flow to the entity; and
 - b) the cost of the item can be measured reliably.

4. Cost of asset includes the following
 - i. Cost directly attributable to the acquisition of the assets
 - ii. Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.
 - iii. Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.
5. Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.
6. An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement.
7. Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress. Expenses directly attributable to project, prior to commencement of commercial operation, are considered as project development expenditure and shown under Capital Work-in-Progress.

Depreciation

- (a) Depreciation on Property, plant and Equipment is provided on Straight Line basis (SLM) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.
- (c) The estimated useful life of assets for current period of significant items of property plant and equipment are as follows:

Particulars	Useful Life (yrs.)
Building/flats residential/ non-residential	60
Plant and Machinery	8-15
Survey instruments	10
Computers	3-6
Office Equipment's	5
Furniture and fixtures	10
Caravanas, Camps and temporary shed	3-5
Vehicles	8-10

- (d) Leasehold land and improvements are amortized over the lower of estimated useful life and lease term.
- (e) Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.
- (f) Property plant and equipment acquired during the year, individually costing up to Rs. 5,000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to revenue irrespective of its value.

(vi). Intangible Assets/ Intangible assets under development

I. Other than service concession arrangement

- (a) Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any.
- (b) Intangible assets under development represent ongoing expenditure incurred and carried at cost.

Amortization of Intangible Assets

- (a) Intangible assets are amortized over their respective estimated useful lives on a straight- line basis from the date that they are available for use.

The estimated useful life of intangibles is as follows:

Intangible Assets	Useful Life	Internally generated or self-generated
Software	Finite (36 months)	Acquired

- (b) Amortization methods, useful lives and residual values are reviewed at each reporting date.
- (c) Software cost up to Rs. 1 Lakhs in each case is fully amortized in the year of purchase, by keeping Rs. 1 as token value for identification.

II. Toll Collection Right (Toll Road Service Concession Arrangement)

The subsidiary companies recognize an intangible asset arising from service concession arrangement when it has a right to charge for usage of the concession infrastructure. An intangible asset received as consideration for providing construction or upgrade service in a service concession agreement is measured at fair value on initial recognition by reference to the fair value of the services provided. Subsequent to initial recognition, the intangible asset is measured at cost, less accumulated amortization and accumulated impairment losses.

The estimated useful life of an intangible asset in a service concession arrangement is the period from where the subsidiary is able to charge the public for use of infrastructure to the end of the concession period.

Toll collection right is amortized using straight line method on pro-rata basis from the date of addition or from the date when the right brought in to service to the expiry of concession period.

Amortization methods and useful lives are reviewed at each reporting date, with the effect of change in estimate accounted for on a prospective basis.

The carrying value of intangible asset is reviewed for impairment annually or more often if events or changes in circumstances indicate that the carrying value may not be recoverable.

Financial asset model

The Subsidiary Companies recognizes a financial asset arising from a service concession arrangement when it has unconditional contractual right to receive cash or another financial asset from grantor for the construction or upgrade service provided. Such financial assets are measured at fair value on initial recognition and classified as loans and receivables.

Subsequent to initial recognition, the financial assets are measured at amortized cost. Under this model financial asset will be reduced as and when grant has received from grantor.

III. Station development rights

Intangible assets under development represents ongoing expenditure incurred in respect of the Consultancy Project and is carried at cost. Cost includes all direct expenditure incurred including Staff Expenditure for that particular project for which the Staff is posted and indirect expenditure in the nature of depreciation of fixed assets, insurance premium & rent etc. will be split between Project Expenses and Corporate Office Expenses in ratio of 75% and 25% respectively. The 75% Project Expenses are equally distributed among the number of Stations.

Intangibles are amortised on a systematic basis over the revenue pattern it will generate. The evaluation of recoverability of intangible assets is done periodically by taking into account events or circumstances that may warrant revised estimates of useful lives or that indicate the asset may be impaired.

(vii). Investment properties

- a) Investment property comprises completed property, property under construction and property held under a finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.
- b) Investment Properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.
- c) The group depreciates building component of investment property over 60 years from the date of original purchase/completion of construction.
- d) Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

(viii). Inventories

(a) Construction Work in Progress

Construction work-in-progress is valued at cost till such time the outcome of the job cannot be ascertained reliably and at realizable value thereafter. Site mobilization expenditure to the extent not written off valued at cost.

(b) Others

- (i) In Cost Plus contracts, the cost of all materials, spares and stores not reimbursable as per the terms of the contract is shown as inventory valued as per (III) below.
- (ii) In Item Rate and Lump Sum Turnkey contracts, the cost of all materials, spares (other than capitalized) and stores are charged to Statement of Profit and Loss in the year of use.
- (iii) Inventories are valued at lower of the cost arrived at on First in First out (FIFO) basis and net realizable value.
- (iv) Loose tools are expensed in the year of purchase.

(ix). Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise of cash at bank, cash in hand, other short term deposits with banks with an original maturity of three months or less and highly liquid investments, that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value and Bank overdraft.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term bank deposits etc., as defined above, net of outstanding bank overdrafts since they are considered integral part of the group's cash management."

(x). Government Grant

Grant from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the subsidiary companies will comply with all attached conditions. Government grant relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they intended to compensate and presented within contract revenue.

(xi). Provisions**A. Provision for Maintenance**

- a) In Cost Plus contract, no provision for maintenance is required to be made where cost is reimbursable.
- b) Item Rate and Lump Sum turnkey contracts, provision is made for maintenance to cover group's liability during defect liability period keeping into consideration the contractual obligations, the obligations of the sub-contractors, operating turnover and other relevant factors.
- c) Provision for unforeseen expenditure during design

guarantee period is made based on risk perception of management in each contract assessed at the end of each financial year. This shall, however, be subject to a minimum of Rs. 50 lakhs and maximum of the amount of Design guarantee specified in Contract Agreement with the Client.

B- Provision for Demobilization

Provision for demobilization to meet the expenditure towards demobilisation of Manpower and Plant & Equipment is made in foreign projects.

C- Others

Provision is recognized when:

- i) The group has a present obligation as a result of a past event,
- ii) A probable outflow of resources is expected to settle the obligation and
- iii) A reliable estimate of the amount of the obligation can be made.

Reimbursement of the expenditure required to settle a provision is recognised as per contract provisions or when it is virtually certain that reimbursement will be received. Provisions are reviewed at each Balance Sheet date.

D- Discounting of Provisions

Provision recognised as per above point a, b and c which expected to be settled beyond 12 months are measured at the present value by using pretax discount rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

(xii). Revenue Recognition**(a) Contract Revenue Recognition**

Contract revenue is measured at the fair value of the consideration received or receivable recognized to the extent it is probable that the economic benefits will flow to the group and the revenue can be reliably measured. Depending on the nature of contract, revenue is recognized as under-

- (i) In cost plus contracts, revenue is worked out by including eligible items of expenditure in the bills raised on the clients and charging specified margin thereon.
- (ii) In fixed price contracts, revenue is recognized using

the percentage of completion method. The percentage of completion is determined as a proportion of cost incurred of work certified up to the reporting date to the total estimated cost of the contract. Full provision is made for any loss in the period in which it is foreseen.

- (iii) Claims/Arbitration Awards (including interest thereon) which are granted in favour of the group, being in the nature of additional compensation under the terms of the contract are accounted as contract revenue when they are granted and where it is certain to realize the collection of such claims/awards.
- (iv) Revenue does not include Sales Tax/VAT/WCT/Service Tax etc.

(b) Construction contract revenue under service concession arrangement

Revenue related to construction or upgrade services under a service concession arrangement of subsidiary companies is recognized based on the stage of completion of the work performed, when the outcome of construction contract can be measured reliably, and where the outcome of construction contract cannot be measured reliably revenue is recognized only to the extent of contract cost incurred that is probable will be recoverable.

(c) Toll Fee

Toll Fee collection from the users of facility is accounted for as and when the amount is due and recovery is certain.

d) Other Revenue Recognition

- (i) Dividend income is recognized when the right to receive payment is established.
- (ii) Interest income is recognized taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.

(xiii).Leases

a) Group as a lessee

Finance Lease:

- (i) that transfers substantially all the risks and rewards incidental to ownership of an asset
- (ii) are capitalised at lease inception at lower of fair value or present value of minimum lease payment
- (iii) payments are apportioned between finance charges

and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

- (iv) Finance charges are recognised in finance costs in the statement of profit and loss.
- (v) Depreciated over the useful life of the asset. However, if there is no reasonable certainty to obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating Lease:

- (i) is classified as operating lease when significant portion of the risk and rewards are not transferred to the group.
- (ii) payment are charged to profit and loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

b) Group as a lessor

Finance Lease:

- (i) is recognised when substantially all of the risks and rewards of ownership transfer from the group to the lessee.
- (ii) Payment due are recorded as receivables at the group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Operating Lease:

- (i) are the leases in which the group does not transfer substantially all the risks and rewards of ownership to the lessee.
- (ii) incomes are recognized as income in the statement of profit & loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

(xiv) Liquidated Damages and Escalations

- (i) Liquidated damages/penalties (LD) due to delays arising out of the contractual obligations and provisionally withheld from contractors/under dispute are adjusted against contract cost only on final

decision in this regard. However, LD recovered/withheld by client is accounted for on recovery/withholding & adjusted against contract revenue. Possible Liquidated Damages in cases where extension is granted by the client subject to their right for levy of penalty is shown as contingent liability.

- (ii) Escalation receivable/payable is accounted for as per the provisions of the contract. Escalation receivable but not certified before close of project accounts is included in work-in-progress.

(xv). Research and development Expenses

1. Research costs are expensed as incurred.
2. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:
 - The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
 - Its intention to complete and its ability and intention to use or sell the asset
 - How the asset will generate future economic benefits
 - The availability of resources to complete the asset
 - The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

(xvi). Mobilization Expenses

The initial contract expenses on new projects for mobilisation will be recognised as construction work in progress in the year of incidence, and pro rata charged off to the project over the years at the same percentage as the stage of completion of the contract as at the end of financial year.

(xvii). Impairment of non-financial assets

An asset is treated as impaired when the carrying cost

of assets exceeds its recoverable value and impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. At each reporting date group assesses the estimate amount of impairment loss. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount and such losses either no longer exists or has decreased. Reversal of impaired loss is recognized in the Statement of Profit & Loss. For the purpose of assessing impairment, assets that cannot be tested individually are grouped in to the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets (the cash-generating units).

(xviii). Borrowing Cost

Borrowing cost in ordinary course of business are recognized as expense of the period in which they are incurred. Borrowing cost that is directly attributable to acquisition, construction or production of a qualifying asset is capitalized as part of the cost of such assets upto the commencement of commercial operations.

(xix). Employee Benefits

a) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid for the services rendered are recognized as an expense during the period when the employees render the services.

b) Post-employment benefits & other Long Term Employee Benefits

- (i) Retirement benefits in the form of provident fund and pension fund are defined contribution schemes. The contributions to the provident fund trust and pension trust are charged to the statement to the Profit and loss for the year when the contributions are due.
- (ii) The Group has Defined benefit plans like Gratuity, LTC and other retirement benefits.
- (iii) The Group has created a Trust for Gratuity. The cost of providing benefit is determined on the basis of actuarial valuation using the projected unit credit method at each year-end and is charged to the Statement of Profit & Loss.

- (iv) Provision for Defined benefit plans is made based on actuarial valuation at the year end and Actuarial gains or losses are recognized through Other Comprehensive income.
 - (v) Post-retirement Medical benefits are made based on Actuarial valuation or amount available for contribution, whichever is less.
 - (vi) Other long term employee benefit includes leave encashment. Actuarial gains or losses on other long term employee benefits are recognized through statement of profit & loss.
 - (vii) Re-measurements of the net defined benefit liability (asset) recognized in other comprehensive income shall not be reclassified to profit or loss in a subsequent period.
- (xx). Taxes**
- a. Current income tax**
- (i) Taxes including current income-tax are computed using the applicable tax rates and tax laws.
 - (ii) The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the group operates and generates taxable income.
 - (iii) Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided/ paid as and when assessments are completed.
 - (iv) Current tax related to OCI Items is recognized in Other Comprehensive Income (OCI).
- b. Deferred tax**
- i. Deferred income tax is recognized using balance sheet approach.
 - ii. Deferred income tax assets and liabilities are recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
 - iii. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- iv. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.
 - v. Deferred tax related to OCI Item are recognized in Other Comprehensive Income (OCI).
 - vi. Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries and interest in joint arrangements where the group able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.
 - vii. Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary differences can be utilized.
- (xxi). Operating Segment**
- Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker.
- Accordingly, the group has identified two reporting segments viz. Domestic & International.
- (xxii) Earning per share**
- In determining basic earnings per share, the group considers the net profit attributable to equity shareholders. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. In determining diluted earnings per share, the net profit attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.
- (xxiii). Contingent Liabilities and Contingent Assets**
- (a) Contingent Liabilities are disclosed in either of the following cases:
 - i) A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or

- ii) A reliable estimate of the present obligation cannot be made; or
- iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent assets is disclosed where an inflow of economic benefits is probable.
- (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date.
- (d) Contingent Liability is net of estimated provisions considering possible outflow on settlement.

(xxiv). Fair Value Measurement

Group measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At the reporting date, the group analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the accounting policies. For this analysis, the group verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The group also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xxv). Dividend to equity holders

Dividend paid/payable shall be recognized in the year in which the related dividends are approved by shareholders or board of directors as appropriate.

(xxvi). Financial instruments

A. Initial recognition and measurement

Financial Instruments recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial instruments.

B. Subsequent measurement

B.1 Financial Assets

Financial assets are classified in following categories:

a). Debt instruments at Amortised Cost

Debt instrument shall be measured at amortised cost if both of the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and
- (b) the contractual terms of the asset give rise on specified

dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are measured at amortised cost using effective interest rate method less impairment, if any. The EIR amortisation is included in finance income in the statement of profit and loss.

Following financial assets are measured at amortised cost:-

- (i) Trade receivable
- (ii) Security deposit
- (iii) Retention money
- (iv) Money held with client
- (v) Cash and cash equivalent
- (vi) Loan and advances
- (vii) Investment in Tax free bonds

b). Debt instruments at Fair value through Other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the **Fair value through other comprehensive income** if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent solely payment of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

c) Debt instruments at fair value through Profit & Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instruments, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the group may elect to designate a debt

instruments, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency. The group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of P&L.

B. 2 Financial liabilities

a) Financial liabilities at Amortised Cost

Financial liabilities at amortised cost represented by trade and other payables, security deposits and retention money are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest rate method.

b) Financial liabilities at FVTPL

The group has not designated any financial liabilities at FVTPL.

C. De-recognition

Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of Profit & Loss.

D. Impairment of financial assets:

Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The group follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the group to track changes in credit risk. Rather, it

recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition

Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

(xxvii). Non-current Assets (or disposal groups) held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for

sale. Assets classified as held for sale/distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 “Non-current Assets Held for Sale” are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

(xxviii) Financial guarantees

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Valuation technique used by valuer to be disclosed	Cost & Income	Cost	Cost (Land & Building)	

Description of valuation techniques used by valuer:

Cost Approach:

Under this approach, market value of the land has been estimated using Direct Comparison Approach (Market Approach). The building value has been estimated used Depreciated Replacement Cost (as if new). Within the Cost Approach, the land value is being estimated on the assumption that it is vacant and free of all encumbrances. It is added to the cost of the improvements derived by using the depreciated Replacement Cost method. Replacement cost implies "The current cost of replacement of an asset with a similar utility as if new." Building costs would include the cost of the building components and other improvements. Appropriate depreciation is being applied to the same to estimate the value."

Income Approach (DCF):

DCF analysis is the process of valuing an investment property or asset by undertaking an estimation of future cash flows and taking into account the time value of money. Under this technique, the income is projected over the investment cycle and the net income is calculated after the deduction of capital, operating, and other necessary expenses.

iii Financial Risk Management

The Group's principal financial liabilities comprise trade, other payables and borrowings. The Group's principal financial assets include loans to related parties, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Group also holds investment in mutual funds and tax free bonds. The Group's activities expose it to some of the financial risks: market risk, credit risk and liquidity risk.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign Currency Risk and Interest rate risk. Financial instruments affected by market risk includes trade receivables, trade payable and other non derivative financial instruments.

(i) Foreign Currency Risk

The Group operates internationally and is exposed to insignificant foreign currency risk (since receipts & payments in foreign currency are generally matched) arising from foreign currency transactions, primarily with respect to the US \$,

EURO, YEN, BDT, DZD, LKR, MZN, BTN, ZAR, NPR and MYR. Significant foreign currency risk of the group are naturally hedged. (Refer Note No. 37)

As of March 31, 2018 and March 31, 2017, every 1% increase or decrease of the respective foreign currency would impact our profit before tax by approximately Rs. 0.70 crore and Rs. 2.63 crore respectively.

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The Group manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes tax free bonds and deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is fixed for the period of financial instruments. Also, the Group does not have any interest risk on loans / borrowings as it bears fixed rate of interest.

b) Credit risk

The Group's customer profile include Ministry of Railways, public sector enterprises, state owned companies in India and abroad. Accordingly, the Group's customer credit risk is low. The Group's average project execution cycle is around 24 to 36 months. General payment terms include mobilisation advance, monthly progress payments with a credit period ranging from 45 to 60 days and certain retention money to be released at the end of the project. In some cases retentions are substituted with bank / corporate guarantees. The Group has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

The following table gives details in respect of revenues generated from top five projects.

C) Liquidity risk

The Group manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. The treasury department regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The Group's investment policy and strategy are focused on preservation of capital and supporting the Group's liquidity requirements. The senior Management of the Group oversees its investment strategy and achieve its investment objectives. The Group typically invests in government of India debt bonds and mutual funds. The policy requires investments generally to be investment grade, with the primary objective of minimising the potential risk of principal loss.

The NHA bonds bear a fixed rate of interest thus they are not affected by the change in bond yield rates and the mutual funds are highly liquid assets which are paid out monthly and re-invested.

The table below provides details regarding the significant financial liabilities as at 31 March 2018 and 31 March 2017

d) Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

(iv) Capital Management

The Group objective to manage its capital in a manner to ensure and safeguard their ability to continue as a going concern so that the Group can continue to provide maximum returns to shareholders and benefit to other stakeholders. 44. Disclosure under Ind AS-19 on Employee benefits

Provident Fund

The Holding Company pays fixed contribution of Provident Fund at a pre-determined rate to a separate trust, which invests the funds in permitted securities. The trust is required to pay a minimum rate of interest on contribution to the members of the trust. The amount available in the fund including the returns on investment is greater than the obligation of the company. During the year, the Holding Company has contributed **Rs. 11.81 crore** (Rs. 10.84 crore) to the trust.

Gratuity

The Holding Company has implemented IRCON Employees Group Gratuity Scheme to provide financial assistance to the employees of the Holding Company as a social security measure on the termination of their employment due to superannuation, retirement, resignation, physical incapacitation or death. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Funds of the Trust are managed by LIC of India. As on 31.03.2018, a Liability of **Rs. 14.34 crore** has been booked in the books of accounts based on actuarial valuation.

Pension

The Holding Company has implemented IRCON Defined Contribution Superannuation Pension Scheme, 2009 w.e.f. 01.04.2009, for all regular employees drawing pay in IDA scale who would complete 15 years of service in the Company (including service in other CPSEs) upto normal retirement date. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Holding Company's share of contribution amounting to Rs.6.32 crore for the period from 01.04.2017 to 28.02.2018 has been paid and accounted for during the year 2017-18. Liability for the month of March 2018 of **Rs. 0.77 crore** (Rs.0.51 Crore) has been provided in the books of accounts.

Post-Retirement Medical Facility (PRMF)

The Holding Company had established an irrevocable trust by initial one-time contribution of Rs 12 crore during the year 2000-01 for providing annuity, medical and other benefits to the spouse of employees who die in harness as also the medical benefits to the employees (and spouse) who superannuate from the Company. This being a voluntary welfare measure, the Company is not liable for providing such benefits to its employees. However, Holding Company has also kept provision of **Rs.12.81 crore** (Rs 8.32 crore) based on the decision of management.

Leave Encashment

The liability towards encashment of leave as per rules of the Holding Company is recognised on the basis of actuarial valuation except for employees posted in foreign projects. Since, the foreign assignments are treated as dies - non, liability for those employees is provided in the books on accrual basis as the amount is payable to employee on repatriation.

Leave Travel Concession (LTC)

The company has made a provision in respect of leave travel concession (LTC) on the basis of actuarial valuation in accordance with IND AS-19.

Other Retirement Benefits

Other retirement benefits include settlement at home-town or to the place where he or his family intends to settle in India including Baggage Allowance. The liability on this account is recognized on the basis of actuarial valuation.

49. Service Concession Arrangements (SCA)

Public to private service concession arrangements are recorded in accordance with Appendix "A"- Service Concession Arrangements (Ind AS-11). Appendix "A" is applicable if:

- The Grantor controls or regulates which services the operator should provide with the infrastructure, to whom it must provide them, and at what price; and
- The grantor controls- through ownership, beneficial entitlement, or otherwise- any significant residual interest in the infrastructure at the end of the term of the arrangement. If both of the above conditions are met simultaneously, an intangible asset is recognized to the extent that the operator receives the right to charge users of the public service, provided that these charges are conditional on the degree to which the service is used.

These intangible assets are initially recognized at cost, which is understood as the fair value of the service provided plus other direct costs directly attributable to the operation. They are then amortized over the term of the concession.

Group has entered into service concession arrangement with National Highway Authority of India (NHAI) for four laning of Shivpuri Guna Section and for four laning of Phalodi Bikaner Section in terms of which NHAI (the grantor) has authorized the group to develop, finance, design, engineer, procure, construct, operate and maintain the Projects and to exercise and/or enjoy the rights, powers, benefits, privileges authorizations and entitlements upon its completion. In terms of the said agreement group has an obligation to complete construction of the projects of four laning of Shivpuri Guna section and four laning of Phalodi Bikaner Section and to keep the project assets in proper working condition including all projects assets whose lives have expired. The Concession period shall be 20 years for Shivpuri Guna project and 26 years for Phalodi Bikaner project commencing from the appointment date. At the end of the concession period, the assets will be transferred back to National Highway Authority of India (NHAI).

In case of material breach in terms of agreement the NHAI and group have right to terminate the agreement if they are not able to cure the event of default in accordance with such agreement.

Ircan DHHL has been incorporated on 11.05.2017 as an SPV by Ircan International Limited (Ircan) pursuant to LOA issued by NHAI on 29.03.2017 for executing the project works of “Six – laning of Davangere – Haveri from km 260+000 to km 338+923 of NH-48 (old NH-4) in the state of Karnataka to be executed as Hybrid Annuity Project on DBFOT under NHDP Phase – V” in accordance with the terms of the concession agreement signed with NHAI as its main business object.

Presently, the project is under execution phase and the operation and maintenance phase shall commence on completion of construction.

Group has recognized revenue of **Rs.687.86 crore** (Rs. 472.29 crore) on construction of intangible assets under service concession agreement. Group has recognized **Rs.38.58 crore** (Rs. 16.32 crore) as profit on construction of intangible assets under service concession arrangement .The revenue recognized in relation to construction of intangible assets under service concession arrangement represents the fair value of services provided towards construction of intangible assets under service concession arrangement. The group has not recognised any revenue from operation of toll roads since the construction is in process. The revenue shall be booked once the operation of line is commenced.

- 50.** The Company has engaged agents/consultants to secure contracts and provide other services for foreign projects, being implemented in three countries. Pending assessment of services provided by the agent/ consultants, the company has not accounted for expenses aggregating to **Rs.4.96 crore** (Rs 3.80 crore) comprising of **Rs. 1.16 crore** (Rs 1.36 crore) during financial year 2017-18.

51. Financial guarantee

- a) The holding company has issued financial guarantee (undertaking) to Punjab National Bank on behalf of and in respect of term loan facility availed by its Joint venture company, Ircan Soma Tollway Private Limited (ISTPL), to make good 50% of total shortfall in the dues, if any, in the event of termination of the concession agreement. Loan outstanding as on 31.03.2018 is **Rs. NIL** (Rs. 63.07 crore). The said financial guarantee has been recognised as per Ind AS 109. The ISTPL has repaid the loan amount during the current period.
- b) The Group uses the same accounting policies in the consolidated financial statements, like transactions & events in similar circumstances except in case of ISTPL, where the said JV company did not apply the financial guarantee policy as prescribed under IND AS -109.

Accordingly, the appropriate adjustment has been made in consolidated financial statement and following amounts has not been considered.

Investment in ISTPL **Rs. NIL** (Rs.0.28 crores), other financial liability **Rs. NIL** (Rs.0.04 crore) & Other income **Rs. NIL** (Rs. 0.09 crores).

- 52.** In one of the projects under Northern Region, provision in respect of legal expenses amounting to Rs 11.52 crore has not been provided in the accounts based on the legal opinion that the liability is primarily not of the company.
- 53.** During the financial year 2017-18, based on Expert opinion taken by management it was decided that the effects of discounting security deposit with client and contractor, Retention money with client and contractor and money withheld with client and contractor was not material for the preparation and presentation of financial statements. Ind AS 8- “Accounting Policies, Changes in Accounting Estimates and errors” allows that the policies specified by Ind AS need not to be applied when the effect of applying them is immaterial. Hence, it has been decided to discontinue

discounting the same, consequently in the current year the carrying value of the financial liabilities have been increased by **Rs. 48.70 crore**, financial assets have been increased by **Rs. 6.45 crore**, non-financial liabilities have been decreased by **Rs. 42.70 crore** and non-financial assets have been decreased by **Rs. 6.24 crore**. The resultant net impact on current year's Profit and Loss is amounting to **Rs. 0.80 crore**, which is not considered as material for the preparation and presentation of financial statements.

54. Work in some areas is yet to be started / delayed due to issues related to delay in approval of drawings, demand of local villagers, utility shifting, land acquisition and availability, forest clearance etc. Due to these operational issues, there is delay in achieving project milestone - II and III. Company has filed a request to NHAI for modification of milestone timelines under clause 12.4.2. of the concession agreement without damage / financial implication on part of the company. Company has received intimation from the Independent Engineer regarding the delay in achieving milestone. Further NHAI has deducted a sum of Rs. 720.12 Lakhs on account of damages upto 31st May 2018 (upto 31st March, 2018 - Rs. 160.45 lakhs). The Company is already in communication with the NHAI, since the delay is not attributable to IPBTL. As such IPBTL is not recognizing the claim against the delay as a liability or a contingent liability since the Company is of the view that the delay is not attributable to IPBTL. Further, amount deducted by NHAI upto 31st March 2018 of **Rs. 160.45 Lakhs** is shown as recoverable (Considered Good) under Other Financial Assets.

55. Events occurring after Reporting period

Refer to Note 14 for the final dividend recommended by the directors which is subject to the approval of shareholders in the ensuing meeting.

56. Standards issued but not effective for the financial year 2017-18

IND AS 115 Revenue from Contracts with Customers:

The Ministry of Corporate Affairs notified IND AS -115 "Revenue from contracts with Customers" in respect of accounting periods commencing on or after 1 April 2018, superseding IND AS – 11 "Construction Contracts" and IND AS-18 "Revenue".

The company's current revenue recognition policy is broadly aligned to the principles enunciated in IND AS -115 and does not require any material change. The management is in the process of evaluating IND AS -115 and does not expect any material impact on the company's financial position as at 31 march 2018 and on the financial results of the company in the first year of implementation viz. financial year commencing on 1 April 2018.

57. Certain prior periods amounts have been reclassified for consistency with the current period's presentations. These reclassifications have no affect on the reported results of operations.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA
UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013
ON THE CONSOLIDATED FINANCIAL STATEMENTS OF IRCON INTERNATIONAL LIMITED
FOR THE YEAR ENDED 31 MARCH 2018.

The preparation of consolidated financial statements of **IRCON INTERNATIONAL LIMITED** for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139 (5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under Section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section. 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 03 August 2018.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of **IRCON INTERNATIONAL LIMITED** for the year ended 31 March 2018 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of subsidiaries namely Ircon Infrastructure and Services Limited, Ircon PB Tollway Limited, Ircon Shivpuri Guna Tollway Limited and Ircon Devanagare Haveri Highway Limited and Joint Venture namely Indian Railway Station Development Corporation Limited but did not conduct supplementary audit of the financial statements of Jointly Controlled Entities (as per Annexure) for the year ended on that date. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' Report under section 143 (6) (b) of the Act.
